Offsite Password: The offsite password for accessing eBooks and all our other e-resources is the same as the previous semester. The password can be obtained from the service desk.

Reserve Books: As a reminder the library has most of the textbooks for the semester on reserve for 2-hour checkout. They are located at the library service desk. Some textbooks are eBooks, which can be accessed the same as other e-resources.

Library Research Sessions: The library will offer two half-hour sessions on the basics of library research. The sessions will be held on Tuesday February 26th at 12:30 p.m. and 6:30 p.m. More information in chapel to follow. If you are not able to attend a session and you would like some research assistance, please stop by the service desk or call to make an appointment with one of the librarians.

New Books: The library continues to purchase new books. Most of the new books are placed on the New Book Shelf in the main lobby of the library. Come by and take a look!

\$ LIBRARY PUZZLE \$

A library room for an organizer of books, email the name and you'll receive a \$20 café gift card to place in your pocketbook—or wallet. (Prize for Criswell students only. The puzzle remains unanswered from the previous semester so the prize amount has doubled!)

Library Snacks: The service desk has hot chocolate, oatmeal, and a variety of soups, for a small donation. Hot water is also available at the filtered water dispenser on the 1st and 2nd floors. Snacks and covered drinks are permitted in the library.
