Course Requirements and Assignments

1. Twenty-five percent (25%) of the student's semester grade will depend on the completion of a Mid-Term exam.
2. Twenty-five percent (25%) of the student's grade will depend on the completion of a Comprehensive Final Exam.
3. Twenty-five percent (25%) of the student's grade will depend on the completion of a Research Paper and associated Class Presentation. The Research Paper is due before class on the day of the student's presentation. No late work will be accepted. No exceptions. The student will write a Research Paper on one of the following 10 topics: 1) Dating, 2) Engagement and the Wedding, 3) How to have a Great Marriage, 4) Marital Conflict and Greatest Challenges, 5) Divorce and Remarriage, 6) Single Parent Families, 7) Remarriage and Blended Families, 8) Mental Health Issues and Families, 9) Domestic Violence and Families, 10) Multicultural Differences and Families

Students must declare their chosen topics from the list of options within the first three weeks of class, or a topic will be assigned to them. Students can use the Required and Recommended Books assigned for the class. However, the paper should have a minimum of 5 additional sources beyond what's Required and Recommended for class. These additional sources must be books and reputable journal articles (as opposed to "research" retrieved from the internet).

The body of the paper will be approximately eight to 10 double-spaced pages. This does not include the Title Page, and Reference Page. The paper should be according to a recognizable Style and Format, APA is required for Psychology Students. Examples of APA Style Format can be viewed at the following links:

<https://owl.english.purdue.edu/owl/resource/560/01/> and
<http://writershelp.bedfordstmartins.com/ebooks/helphandbook/pdfs/Hacker-APA-Format-01.pdf>.

When writing and organizing the paper, the student is to create and maintain a basic structure. For example, some key questions and sections to keep in mind are the following:

- Introduction: ____ (20 pts.) Does the paper have a clear introduction? For example, does the paper address current statistics, current events, and current research regarding the topic in order to appropriately introduce and grab the reader's attention?
- Body of the Text (Part 1): ____ (20 pts.) Does the paper address the most important dimensions and key concepts regarding the topic from the assigned textbooks? Are these resources cited throughout the body of the paper according to APA style? Does the student link together the author's thoughts in a clear manner without using first person, instead using third person? Does the student use substantive research/resources to support the textbooks from at least 5 additional sources—either books or journal articles (not "research" cut and pasted from online)? Does the body of the paper flow in a logical fashion using effective transition sentences to link the paragraphs together?

- Conclusion and Practical Implications: _____ (20) Does the student provide principles and practical steps for counselors, teachers, and/or ministers to keep in mind when serving couples and families? Does the student summarize the key insights, principles, and practical steps? Does the student answer the “So what?” question in the concluding paragraph?
 - Grammar and Style _____ (15 Pts.) Are the sentences complete as opposed to fragmented sentences? Are there few grammatical mistakes? Are there spelling mistakes? Is there a title page, abstract, and Reference page? Is the paper written in 3rd person? Is the paper according to APA style?
 - Presentation _____ (25 Pts.) Each student will turn in an Individual Research Paper, BEFORE THE TIME OF HIS/HER PRESENTATION. No late work will be accepted. Regarding the presentation, did the student (or students) hit the highlights for the topic? Was the presentation interesting? Did the presentation finish and end in a timely fashion (30 minutes with a time for questions)? Was there a PowerPoint and handout? Did the presenter/s handle the questions from class in an effective manner?
4. Twenty five percent (25%) of the student’s grade will depend on regular class attendance, class participation, and 6 quiz grades throughout the course of the semester. At least one of the quizzes will be unannounced to encourage class attendance and to encourage students to stay up with their assigned reading requirements. In addition, a final class attendance and participation grade will be worth one quiz grade (Quiz #6) that will be assessed at the conclusion of the semester. Hence, in order for students to receive full credit for this requirement for the course, students must not only attend class, but also participate in class.
 5. Finally, it is important to note that late work will not be accepted for any reason. There are no exceptions. It is the student’s responsibility to fulfill all requirements for the course in a timely fashion, early if necessary.

Course/Classroom Policies and Information

This course employs a flipped classroom model. This means that time between classes is spent acquiring important knowledge, through reading the textbook and viewing videos and lectures provided online. Time during class is spent applying knowledge through discussion and activities. The flipped classroom model requires students to remain current with all reading in order to meaningfully participate.

This is a hybrid course, meaning that half of class meetings will occur live, while half of meetings will occur online using asynchronous learning. Assignments may be completed early, but any assignment turned in after the due date will be given a “0” grade. No extra credit assignments or make-up assignments will be provided for this course. For this reason, students are advised to work on assignments early each week, rather than waiting until the last minute to complete tasks.

Class Attendance

Students are responsible for enrolling in courses for which they anticipate being able to attend every class session on the day and time appearing on course schedules, and then making every effort to do so. When unavoidable situations result in absence or tardiness, students are responsible for acquiring any information missed. Instructors are not obliged to allow students to make up missed work. Per their independent discretion, individual instructors may determine how attendance affects students’ ability to meet course learning objectives and whether attendance affects course grades.

Grading Scale

A	93-100	4.0 grade points per semester hour
A-	90-92	3.7 grade points per semester hour
B+	87-89	3.3 grade points per semester hour

D	63-66	1.0 grade point per semester hour
D-	60-62	0.7 grade points per semester hour

Incomplete Grades

Students requesting a grade of Incomplete (I) must understand that incomplete grades may be given only upon approval of the faculty member involved. An "I" may be assigned only when a student is currently passing a course and in situations involving extended illness, serious injury, death in the family, or employment or government reassignment, not student neglect.

Students are responsible for contacting their instructors prior to the end of the semester, plus filing the appropriate completed and approved academic request form with the Registrar's Office. The "I" must be removed (by completing the remaining course requirements) no later than 60 calendar days after the close of the term or semester in which the grade was awarded, or the "I" will become an "F."

Academic Honesty

Absolute truth is an essential belief and basis of behavior for those who believe in a God who cannot lie and forbids falsehood. Academic honesty is the application of the principle of truth in the classroom setting. Academic honesty includes the basic premise that all work submitted by students must be their own and any ideas derived or copied from elsewhere must be carefully documented.

Academic dishonesty includes, but is not limited to:

- cheating of any kind,
- submitting, without proper approval, work originally prepared by the student for another course,
- plagiarism, which is the submitting of work prepared by someone else as if it were his own, and
- failing to credit sources properly in written work.

Institutional Assessment

Material submitted by students in this course may be used for assessment of the college's academic programs. Since programmatic and institutional assessment is done without reference to specific students, the results of these assessments have no effect on a student's course grade or academic standing at the college. Before submitting a student's work for this type of assessment, the course instructor redacts the work to remove anything that identifies the student.

Institutional Email Policy

All official college email communications to students enrolled in this course will be sent exclusively to students' institutional email accounts. Students are expected to check their student email accounts regularly and to respond in an appropriate and timely manner to all communications from faculty and administrative departments.

Students are permitted to setup automatic forwarding of emails from their student email accounts to one or more personal email accounts. The student is responsible to setup and maintain email forwarding without assistance from college staff. If a student chooses to use this forwarding option, he/she will continue to be responsible for responding appropriately to all communications from faculty and administrative departments of the college. Criswell College bears no responsibility for the use of emails that have been forwarded from student email accounts to other email accounts.

Disabilities

Criswell College recognizes and supports the standards set forth in Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act (ADA) of 1990, and similar state laws, which are designed to eliminate discrimination against qualified individuals with disabilities. Criswell College is committed to making reasonable accommodations for qualifying students, faculty, and employees with disabilities as required by applicable laws. On-Campus Course Syllabus

ADDENDUM FOR SP-21

PSY 102 L00.A

Dynamics of Marriage and Family

In the event that Criswell College has to close the campus to on-campus classes in during the SP-21 semester, this addendum specifies how your instructor intends to adjust the course in order to allow students to meet the course objectives.

The course requirements, assignments, calendar, and attendance requirements from the syllabus for this course are replicated below. Notes and changes to the information in syllabus are highlighted. Information that is no longer relevant is indicated with a ~~strike through the font~~ and *replacement or new information is placed in italics*.

Course Requirements and Assignments

1. Twenty-five percent (25%) of the student's semester grade will depend upon the completion of a Mid-Term exam. The first section of the exam will test knowledge of psychological terms and definitions. The second section of the exam will test understanding and synthesis.
2. Twenty-five percent (25%) of the student's grade will depend upon the completion of a Comprehensive Final Exam. The first section of the exam will test knowledge of psychological terms and definitions. The second section of the exam will test understanding and synthesis.
3. Twenty-five percent (25%) of the student's grade will depend on the completion of a Research Paper and associated Class Presentation. First, the student will write a Research Paper on a topic related to the course: Introduction to Psychology. Students must choose a topic within the first two weeks of class that is approved by the Professor. In addition to the textbook assigned for the class, and the two recommended books for the class, the research paper should have a minimum of 5 additional sources. These sources are to be books and reputable journal articles (as opposed to "research" retrieved from the internet). The body of the paper will be approximately eight to 10 double-spaced pages, according to APA Style and Format. A sample paper and detailed instructions for APA Style and Format can be viewed at the following link:

- <https://owl.english.purdue.edu/owl/resource/560/01/>

When writing and organizing the paper, the student is to create and maintain a basic structure according to APA style. Hence, the following structure and associated questions are important to keep in mind:

- a. Introduction: _____ (10 pts.) Does the paper have a clear introduction? For example, does the paper address current statistics, current events, and current research regarding the topic in order to appropriately introduce and grab the reader's attention?
- b. Body of the Text: _____ (20 pts.) Does the paper address the most important dimensions and key concepts regarding the topic from the assigned textbooks? Are these resources cited throughout the body of the paper according to APA style? Does the student link together the author's thoughts in a clear manner without using first person, instead using third person? Does the student use substantive research/resources to support the textbooks from at least 5 additional sources—either books or journal articles (not “research” cut and pasted from online)? Does the body of the paper flow in a logical fashion using effective transition sentences to link the paragraphs together?
- c. Practical Application (20 pts.) Did the student apply the knowledge from the research in a real life situation? What was the strategy? What were the steps? Did the student protect the confidentiality of all participants? What were the results?
- d. Conclusion and Implications for the Profession: _____ (20 pts.) Did the student provide a summary of the main points, and practical suggestions for counselors, teachers, and/or ministers to keep in mind when serving individuals, couples and/or families? Did the student summarize the key insights, principles, and practical steps? In other words, does the student adequately, and effectively answer the “So what?” question for this Research Project?
- e. Grammar and Style _____ (10 Pts.) Are the sentences complete as opposed to fragmented sentences? Are there few grammatical mistakes? Are there spelling mistakes? Is there a title page, abstract, and Reference page? Is the paper written in 3rd person? Is the paper according to APA style?
- f. Presentation _____ (20 Pts.) Did the student hit the highlights for the topic? Was the presentation interesting and creative? Did the presentation finish and end in a timely fashion (20 minutes with a time for questions)? Was there a PowerPoint and handout? Did the presenter handle the questions from the class in an effective manner? Was the written portion of this Research Project presentation submitted to the professor before the time of the presentation?

The following two rubrics will also be used to score the research paper:

- <https://www.rcampus.com/rubricshowc.cfm?code=Z99W78&sp=yes&> (APA Style Rubric)
 - <http://assessment.arizona.edu/sites/default/files/CriticalThinking.pdf> (Critical Thinking Rubric)
4. Twenty five percent (25%) of the student's grade will depend on regular class attendance, class participation, and 6 quiz grades throughout the course of the semester. Some of the quizzes will be unannounced to encourage class attendance, and to encourage students to stay up with their assigned reading requirements. In addition, a final class attendance and participation grade will be worth one quiz grade (Quiz #6). This subjective grade will be assessed at the conclusion of the semester. Hence, in order for students to receive full credit for this requirement for the course, students must not only attend class, but also participate in class.

5. Finally, it is important to note that no late work, or excuses, will be accepted. It is the student's responsibility to fulfill all requirements for the course in a timely fashion. Attendance will be taken each class period. Three absences will result in the loss of a letter grade. Four, or more, absences will result in a failing grade for the course. **No change to the requirements for the course.**

Remote Class Sessions: Identity and Participation Verification

In the event that Criswell College has to close the campus to on-campus classes in during the FA-20 semester, synchronous learning will be required. Students will be required to verify their identity and their ongoing participation through completing all requirements for the course in a timely fashion. Students will be required to participate in weekly Discussion Boards posted in CANVAS each Monday morning. All Discussion Board requirements must be completed by Friday midnight of each week. Finally, will be required to attend and participate in regular ZOOM Meetings. Students will be required to turn on their video at the beginning until the end of each of ZOOM session.
