About the Library

Wallace Library, named for Mr. and Mrs. Robert Wallace, was the original Gaston Avenue Baptist Church building. It was built in 1904 and renovated in the late 1980s as the library for the college.

Access to the library is through the main college entrance. The library has three floors. The first floor holds the General collection, the Education Resource Room, study rooms, copier/scanner, and some print periodicals. The second floor has the service desk, library staff offices, the College Board Room, reserve books (behind service counter), New Books Shelf, the Reference area, and the library computer lab. The third floor has study rooms, the Bryant Conference Room, and Dr. W.A. Criswell's personal office and library moved from his home in Dallas after his death in 2002. Access to the Criswell personal office is granted by permission of the library director or president's office.

Library facilities are intended primarily for student and faculty use, although they are also available to the public on a limited basis.

Wallace Library is a member of TexShare, a statewide consortium of academic and public libraries administered by the Texas State Library and Archives Commission. Through the TexShare program students and faculty can borrow materials directly from other libraries that participate in the TexShare program.

The mission of Wallace library is to support the mission of the college by providing learning resources and services to support the research needs of students and faculty. The library's goals are to 1) acquire, organize, and make accessible print and electronic materials that are relevant to the curriculum of the college, 2) teach research skills to students, and 3) maintain a physical environment conducive for learning.

Archives

The Wallace Library Archives exist to preserve documents, photographs, and objects related to the history and heritage of Criswell College. The archives are in the library offices on the main floor of the library. Access to the archives is by permission of the library staff. Items in the archives cannot be checked out or removed from the library office area, and in some cases can only be handled by library staff. Photocopying of archives materials is allowed with permission from the library staff. Permission to photocopy materials is

limited by copyright restrictions, and the item's value, size, and physical condition. Selected items from the archives have been digitized and placed on the college website for public viewing. Access to the digital archives is either through the library catalog, or directly from a link on the library webpage under "Library Information & Helps."

Book Acquisition Recommendations

The Wallace Library staff values patron feedback and input. Patrons are encouraged to recommend resources that would enhance the library collection. To make a recommendation follow these instructions:

Locate the item at criswell.on.worldcat.org (searching by the ISBN is advised). Once the item is selected, click "E-mail" at the top of the description for the item. In the "Email address(es)" box enter library@criswell.edu. In the "Subject" box enter "REC." In the "Message" box enter your full name and school email address. After entering all information click "Email record". If the item cannot be located in the catalog please send an email to library@criswell.edu with the item information.

Catalog

The library has three computers for searching the collection, one on the main floor (2nd) and two on the first floor near the general books. The catalog can also be accessed by going to the college website and following the link sequence: Academics > Wallace Library > Library Catalog.

The catalog can also be searched on a mobile device - criswell.worldcat.org/m

Terms and Conditions

Wallace Library uses the Library of Congress Classification (LCC) system to organize books, as opposed to the Dewey Decimal System. LCC divides all knowledge into 21 classes. Each class has subclasses. For example, call numbers starting with 'B' are in a class dedicated to philosophy, psychology, and religion. This class is further divided into subclasses, such as 'BS' for the Bible.

1st Floor General Books Section

Most of the books in Wallace Library fall into BR – BX sub classification. The numbers following the subclass letters range from 1 to 9999.99. These numbers further break down the subclass into smaller categories. The BT subclass, which the Library of Congress designated as 'Doctrinal Theology,' has a range for 'Christology' from 198-590.

The alphanumeric characters below the subclass are called the cutter numbers. Books will have either one or two cutter numbers. The first cutter number always has a decimal point at the beginning. It is important to remember that .M26 would come before .M6 as the latter is a larger number than the former.

For a more detailed list of classes and subclasses, go to this Library of Congress webpage: <http://www.loc.gov/catdir/cpsolcco/>

Check-out/in

1. Library materials are checked-out at the service desk. If no one is there, please ring the bell on the counter. Resources must be checked out before they can be taken from the library.

Main Floor Service Desk

2. General collection books can be checked-out for 4 weeks at a time.
3. Books may be renewed twice and can be renewed online (see patron account), by email, phone, or in person. If the book has been requested by another patron, the book must be returned by the original due date. A hold can be placed on a book checked out in person, email, or by phone. The person who has placed a hold on a book that has been checked out will be contacted when the book is available. The book will stay in the hold status for five business days and if not collected it will be placed back on the shelf or given to the next person on the hold list.
4. A Criswell patron can contact the library to place a hold on a book not checked out. Unless arranged otherwise the book will be held at the service counter for 48 hours and then placed back on the shelf if not checked out.

5. Books in the Reference area cannot be checked-out.
6. A book return box has been placed in the main lobby of the college. Items placed in the box after 2pm will be checked in the next business day. Items unable to be placed in the box must be returned to the library service counter.
7. Students may return books by mail but are financially responsible for them if they are lost or damaged in the mail. Books will be checked in when they arrive, not when they are postmarked.
8. Criswell students must return all library materials at the end of the semester (check with staff for exact date). Students who are graduating must clear library accounts (all books returned, and fines paid - including TexShare) by the date set by the library, which is usually at least two weeks before commencement. Students needing items(s) for a few days past the end of the semester due date and do not want to pay late fees, must have their professor send an email to the library requesting an extension. Reserve books can be checked out after the end of the semester due date but must remain in the library. Students will not be able to register for classes, graduate, or receive grades/transcripts until their accounts are clear.
9. Students who are registered and have paid their tuition may start borrowing items one week before the first week of classes. Students not currently registered, and/or have not paid for tuition, can still borrow items using a TexShare card from another library (see *TexShare* below for more information). Patrons living in Criswell housing, and those working on a thesis and registered for RES603 the following semester, are permitted to check out books beginning the week after the end of the semester or during semesters they are not taking classes if there is no hold on their account.
10. TexShare card members from other institutions may borrow up to five books. (see *TexShare* below for more information). First time borrowers must complete a TexShare Patron Application.
11. In lieu of a TexShare card, Criswell graduates can apply for borrowing privileges if they live in the DFW area. There is an annual fee of \$10 a year for borrowing privileges. Borrowing is limited to five books at a time, with one renewal. Holds on books, and the use of ILL and Reserve books, are not permitted.
