

Dear students,

Thank you for continuing to remain diligent in your studies despite our unusual and challenging world affairs.

In an effort to respond to the needs of students affected by the COVID-19 pandemic, the Federal and State government is providing financial assistance through the CARES Act.

The funds are not a reimbursement from Criswell College, and no funds from the CARES Act has been used to make payments on outstanding debt you may have with the college.

We pray that this fiduciary assistance will help you meet your basic living needs as well as assist you in continuing your education with the college.

If you have any questions, please contact Jimmy Criswell of Financial Aid by email at [jcriswell@criswell.edu](mailto:jcriswell@criswell.edu).

We are praying for your health, safety, and success.

Sincerely,
