Course Requirements and Assignments

Online Course Information

(Faculty Instruction: All courses (including online courses) must contain for each credit hour “not less than one hour of classroom or direct faculty instruction and a minimum of two hours of out-of-class student work each week for approximately fifteen weeks for one semester or trimester hour of credit, or ten to twelve weeks for one-quarter hour of credit, or the equivalent amount of work over a different amount of time” (Credit Hour Policy. Delete this paragraph before finalizing syllabus.)

In an online course at Criswell College:

1. Instructors and all students enrolled in that course meet using video-conferencing technology at scheduled class times through the course of a semester or term in order to meet 25–30% of the direct faculty instruction required by the college’s Credit Hour policy.
2. The remaining direct faculty instruction is delivered using other means such as:
 - Lectures/instruction for students to watch asynchronously
 - Online content modules in which instructor provides feedback to student work
 - Tests/quizzes on which instructor provides feedback
 - Discussion boards on which instructor provides feedback

Canvas: Criswell College uses Canvas as its web-based learning tool to host/deliver all instructional materials, discussions, assessments, files, and other peripheral tools and applications that support teaching and learning. In online courses at Criswell College, instructors design and use Canvas to:

- organize course content on a module basis using organizational tools within Canvas,
- control the timing of course requirements through module control or assignment due dates to ensure that students are engaged for the full length of the semester or term,
- accept assignments from students only inside the Canvas course (emailed assignments are not acceptable),
- provide written feedback on assignments only within Canvas, preferably through Speedgrader,
- use the Announcement or e-mail feature in Canvas to communicate to the students rather than by broadcasting to a class email listserv outside of Canvas.

Zoom in Canvas is used for all synchronous class sessions.

Students needing assistance with Canvas should contact the Canvas Help Support line at (844) 358-6140. Tech support is available at this number, twenty-four hours a day.

Identity Verification and Evidence of Attendance: Students are responsible for enrolling in courses for which they anticipate being able to participate weekly during the weeks appearing on course schedules, and then making every effort to do so. In online courses at Criswell College, a student participates in class or otherwise engages in an academically related activity. These activities comprise items relevant to Identity Verification for Distance Education Courses. Acceptable evidence of attendance at an academically related activity in an Online course includes, for example, a student’s:

- participation in a synchronous remote video class session with the instructor present,
- student picture id submitted in the Canvas Account Profile,
- submission of an academic assignment, quiz, or exam,
- participation in an interactive tutorial or computer-assisted instruction,

- participation in an online study group or discussion board that is assigned by the instructor,
- documentation showing that the student and a faculty member corresponded about the academic subject studied in the course.

Course/Classroom Policies and Information

(Delete section if not needed or enter policies and/or information applicable to your course or classroom. Create relevant subheadings as desired.)

Attendance

Students are responsible for enrolling in courses for which they anticipate being able to participate weekly during the weeks appearing on course schedules, and then making every effort to do so. Such participation may include the following: completing quizzes or exams; emailing faculty or class members as part of an assignment; discussion board posting or response; turning in an assignment; or other communication reflecting ongoing learning in the course. When unavoidable situations result in non-participation, students are responsible for acquiring any information missed. Instructors are not obliged to allow students to make up missed work. Per their independent discretion, individual instructors may determine how participation affects students' ability to meet course learning objectives and whether participation affects course grades.

Grading Scale

(Assigning grade definitions [i.e., above average, average, below average] is optional. Please delete the last column below if not assigning definitions. Additionally, delete these instructions when completing syllabus.)

Incomplete Grades

Students requesting a grade of Incomplete (I) must understand that incomplete grades may be given only upon approval of the faculty member involved. An "I" may be assigned only when a student is currently passing a course and in situations involving extended illness, serious injury, death in the family, or employment or government reassignment, not student neglect.

Students are responsible for contacting their instructors prior to the end of the semester, plus filing the appropriate completed and approved academic request form with the Registrar's Office. The "I" must be removed (by completing the remaining course requirements) no later than 60 calendar days after the close of the term or semester in which the grade was awarded, or the "I" will become an "F."

Academic Honesty

Absolute truth is an essential belief and basis of behavior for those who believe in a God who cannot lie and forbids falsehood. Academic honesty is the application of the principle of truth in the classroom setting. Academic honesty includes the basic premise that all work submitted by students must be their own and any ideas derived or copied from elsewhere must be carefully documented.

Academic dishonesty includes, but is not limited to:

- cheating of any kind,
- submitting, without proper approval, work originally prepared by the student for another course,
- plagiarism, which is the submitting of work prepared by someone else as if it were his own, and
- failing to credit sources properly in written work.

Institutional Assessment

Material submitted by students in this course may be used for assessment of the college's academic programs. Since programmatic and institutional assessment is done without reference to specific students, the results of these assessments have no effect on a student's course grade or academic standing at the college. Before submitting a student's work for this type of assessment, the course instructor redacts the work to remove anything that identifies the student.

Institutional Email Policy

All official college email communications to students enrolled in this course will be sent exclusively to students' institutional email accounts. Students are expected to check their student email accounts regularly and to respond in an appropriate and timely manner to all communications from faculty and administrative departments.

Students are permitted to setup automatic forwarding of emails from their student email accounts to one or more personal email accounts. The student is responsible to setup and maintain email forwarding without assistance from college staff. If a student chooses to use this forwarding option, he/she will continue to be responsible for responding appropriately to all communications from faculty and administrative departments of the college. Criswell College bears no responsibility for the use of emails that have been forwarded from student email accounts to other email accounts.

Disabilities

Criswell College recognizes and supports the standards set forth in Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act (ADA) of 1990, and similar state laws, which are designed to eliminate discrimination against qualified individuals with disabilities. Criswell College is committed to making reasonable accommodations for qualifying students, faculty, and employees with disabilities as required by applicable laws. For more information, please contact the Student Services Office.

Intellectual Property Rights

Unless otherwise specifically instructed in writing by the instructor, students must neither materially nor digitally reproduce materials from any course offered by Criswell College for or with the significant possibility of distribution.
