

Young Life Ministry Goals and Description

W.W. Samuell Ministry Leader

\$600.00/month (first year)

What I will lead: I will lead a healthy club at Samuell High School. I will continue to lead a healthy Campaigners Bible Study at Samuell High School. I will also continue to lead contact work efforts at Samuell. I will also recruit, train, and lead a healthy team of leaders. I will also bring a group of students I am discipling to a family meal and also church service at least once a month. I will also ensure that we fill all of our spots for weekend camp and summer camp. I also commit to have my Concur report submitted before the 8th of every month.

What I will help with: I will also commit to efficient communication in responses to ministry phone calls, texts, and emails. I will also help with area fundraisers.

Personal Leadership Development and Discovery: I will recruit two Ministry Champions this year to empower my ministries and my life goals. I will also invite speakers to come and share so that we can connect positive outside of Young Life influencers to our ministry. I will also attend our Monthly Prayer Meetings and Leader Trainings.

Ministry Leadership Development and Discovery: I will discover leaders through contact work and representing our Young Life ministries at Criswell Bible College and DTS' Missions conferences, working with South Dallas Community Church, Lake June Baptist Church, Shoreline Church, Christian Stronghold Church, The Porch, and FBC Dallas.

Community Partnerships: I am going to work towards connecting at least one healthy church with each of our schools where we have Young Life ministry. I am going to work with community partners to provide meals and help towards our budgeted and non-budgeted ministry expenses.
