

Program maps are intended to help students in both registering for courses in the recommended sequence and tracking their progress through those courses. Students should consult the Academic Catalog for requirements regarding specific courses, programs, and graduation. Students should use SONIS, the college's student information system, to perform degree audits since the information in SONIS contains each student's official course and credit information.

Name: _____

Date: _____

The Bachelor of Science in Education trains individuals who desire to teach Early Childhood (EC) through 6th grade in a public, private, or Christian school. Students are required to complete a biblical core, a general education core, and the professional program. Upon successful completion of this Educator Preparation Program for Core Subjects EC-6th and fulfillment of Texas Education Agency (TEA) requirements, students are prepared to sit for the TExES examinations that lead to Texas State Teacher Certification.
