

Program maps are intended to help students in both registering for courses in the recommended sequence and tracking their progress through those courses. Students should consult the Academic Catalog for requirements regarding specific courses, programs, and graduation. Students should use SONIS, the college's student information system, to perform degree audits since the information in SONIS contains each student's official course and credit information.

The Master of Arts in Counseling licensure program is designed to equip students to be biblically and empirically-based practitioners, grounded in theories and skills to counsel individuals, couples, and families from a scholar-practitioner and Christian worldview. The licensure track meets the Texas State Board of Examiners of Professional Counselors requirements for graduates to sit for the National Counselor Examination and the Texas Jurisprudence Examination. Upon successful completion graduates may apply for a Licensed Professional Counselor-Intern license to subsequently pursue meeting the 3000 hours required post-intern licensure, to then become a Licensed Professional Counselor.
