H.B. 1.12: A Bill to Clarify the Procedures for Hosting SGA Sanctioned Events

The purpose of this bill is to clarify the procedures for SGA sanctioned events. This bill comes in light of the ambiguity regarding how events will be proposed and approved. This Bill proposes that representatives who want to host SGA sanctioned events are to meet the criteria specified by Article IV. in the constitution and must report to the president for their approval. No event can be hosted as having been sponsored by the SGA without the approval of the president. However, the President's decision regarding an event can be overturned with a four-fifths vote from the House of Representatives. The theme, structure, and execution of the event is to be left to the discretion of both the representative holding the event and the president. If funds for the event need to be raised, the event must be brought to the House of Representatives for its approval. If necessary, a committee will be established to oversee the event. This committee will be established by the Representative holding the event and the President.
