H.B. 1.5: A Bill to Require the SGA President to report any and all Title IX reports made to the Student Government

The purpose of this Bill is to ensure that the President and any member of the Student Government that is made aware of a Title IX report is required to report such instances to the colleges Vice President of Student Affairs and the Title IX representative. This Bill comes in light of the Student Governments online form that is intended for recommendations and a means of direct suggestions made to the Student Government on behalf of students. As it stands the SGA President is the sole person with access to the form's online responses. This Bill is meant to act as an internal check and balance on the President from the House of Representatives. The wording also includes a requirement for any member of the Student Government to report such instances to ensure Government wide standards.
