

Executive Summary

H.B. 1.6: A Bill to Recommend that the Students Services Office Update Payment Methods

It is strongly recommended that the Student Services Office update their payment methods in an effort to create more efficient processes. These changes could help in making transactions in the SSO easier for both the staff as well as the students. Changes could potentially look like adding a chip reader, allowing easy access for online payments and/or faster processing of payments. These updates could help enhance the procedures and methods already in place.

H.B. 1.6
