CRISWELL COLLEGE

“ It is to be an institution whose purpose is to prepare men and women for the work of the Christian ministry, church-wide and kingdom-wide. This includes lay people and those called by the Holy Spirit to be pastors, missionaries, and kingdom workers. ”

— W.A. CRISWELL (1909–2002)
FOUNDER AND CHANCELLOR

MESSAGE FROM THE PRESIDENT

DR. BARRY K. CREAMER

Since 1970, Criswell College has provided higher education for men and women preparing to serve as Christian leaders. We are as committed today as we were then to the core values shaping the school, to doctrinal integrity, academic engagement, ministry experience, and cultural influence.

Criswell alumni have always had a dramatic influence on churches, schools, and other ministries not only in Texas, but throughout the country and around the world. While still graduating some of the most influential church leaders in the country, we now see graduates serving and leading in fields like elementary education, counseling, public policy, and law, and others going on to advanced degrees at some of the most prestigious institutions in the country.

Lance's Hall, the College's first residence hall, provides an ideal space for students to develop their character and skills in preparation for a life as ambassadors, cultivators, peacemakers, problem solvers, and professionals—well-rounded in their exposure to ideas and disciplines, well-equipped to go wherever God sends: Criswell 360° ready.

Criswell's urban location and connections in the Dallas area and around the world are assets both for graduate and undergraduate students. The undergraduate's 4 years are designed to introduce them to the collegiate environment, then the global community, followed by the local community, and lastly their professional settings. Relationships with ministries and leaders from our neighborhood near downtown Dallas to the Middle East provide experiences and opportunities unique to the Criswell 360°.

We seek and train students who will one day give their entire career to God and the people He sent us to serve, whether in a church, clinic, school, business, or courtroom, and who will use the power God gives them to serve those who do not have it—exactly as Jesus did for us. We are thankful for your interest in Criswell College, and hope you will join us in faith, scholarship, service, and community on your way to a Criswell degree.

GENERAL INFORMATION

HISTORY

Founding and Development

On October 5, 1969, his twenty-fifth anniversary as the pastor of First Baptist Dallas, Dr. W.A. Criswell presented to the church his vision for an institute that would provide biblical teaching for lay people that would be both intellectually and spiritually sound. The church enthusiastically approved the recommendation on October 7, 1970, and began developing the curriculum that would reflect the nature of the lifelong ministry of W.A. Criswell: teaching centered on the Bible with an evangelical theology and evangelistic passion.

Classes began on January 12, 1971, with two certificate programs consisting of twelve semester hours of study in theology and the Old and New Testaments. On the first night, 329 students enrolled. For the next two years, the institute operated as a night school, providing working laypeople with an education previously unavailable to them at a convenient time.

By 1973, a three-year diploma program had been established, and by 1977, both a bachelor's and master's program were instituted. The American Association of Bible Colleges (AABC) accredited the undergraduate programs in 1979, and in 1985, the Southern Association of Colleges and Schools (SACS) accredited all programs of study. At that time, the name of the institute changed to Criswell College. The institute had been housed in the facilities of First Baptist Church since its founding, but in 1989, prayers for a dedicated campus were answered and the Gaston Avenue property was acquired. The property was remodeled, and, in January 1991, the College moved onto its own campus just minutes from downtown Dallas.

Since that time, the College has created and maintained a governing board independent from First Baptist Church Dallas and developed other undergraduate and graduate

programs, diversifying its curriculum to include Christian Ministry; Education; Philosophy, Politics, and Economics; and Psychology, in addition to Biblical Studies. The College has also established several online graduate degree programs.

Although the organization has developed from an institute for laypeople to an accredited college, its distinctives have not changed: an uncompromising commitment to the inerrancy of Scripture, expository preaching, the study of biblical languages, personal evangelism, international missions, and hands-on practical ministry training. Each student who graduates from Criswell has some training in all these areas, equipping them to influence the culture for Christ in whichever field they pursue.

MISSION

The mission of Criswell College is to provide ministerial and professional higher education for men and women preparing to serve as Christian leaders throughout society,

while maintaining an institutional commitment to biblical inerrancy.

ENDOWED CHAIRS

W.A. Criswell Chair of Expository Preaching

What Spurgeon was to the nineteenth century, W.A. Criswell was to the twentieth. An expositor and orator without peer, he had a scholar's mind, a pastor's heart, and a missionary's zeal. He was devoted to the church of the Lord Jesus Christ and longed to see preachers prepared to preach the Bible for the salvation of the lost. The W.A. Criswell Foundation maintains this legacy through the W.A. Criswell Chair of Expository Preaching. This enduring commitment continues to equip new generations of Christian leaders as reflected in the closing line of Dr. Criswell's weekly "Pastor's Pen" column: "I'll see you Sunday with a Bible in my hand, and a message from God in my heart."

W.A. Criswell – Jack Pogue Chair of Evangelism

"This above all else: the saving of the lost!" was Dr. Criswell's primary aspiration for Criswell College. While the school expands its degree offerings, it will never lose its focus on local church ministry, biblical inerrancy, and the need for people to personally repent of sin and trust Jesus Christ for salvation. Supported by the W.A. Criswell Foundation, the W.A. Criswell – Jack Pogue Chair of Evangelism helps support ministry training in areas such as church planting and revitalization, evangelism, and missions. Each semester at Criswell College, students and professors engage in personally sharing the Gospel with unbelievers. Dr. Criswell himself modeled such commitment, not only from the pulpit with every sermon he preached, but in his day-to-day personal life as well, sharing the good news of Jesus' death, burial, and resurrection, and the hope only He can bring. Mr. Pogue carried on this legacy in his own ministry in many ways, not least by managing the funding for the Chair of Evangelism, which ultimately results in people hearing and being changed by the Gospel.

INSTITUTES

Criswell Institute for Philosophy, Politics, and Economics

The purpose of the [Criswell Institute for Philosophy, Politics, and Economics](#) is to help develop critical, Christian thought concerning these three areas. It does so through research, writing, education, outreach, and praxis, exploring how the disciplines may affect positive change locally, nationally, and globally.

The Institute's vision is to connect Christian believers with specific vocations, activities, and resources related to the fields of philosophy, politics, and economics, interacting and connecting with churches, ministries, graduate and law schools, elected and appointed officials, businesses, microfinance organizations, as well as community development, nonprofit institutes, centers, and foundations, media outlets and publishers, cultural events and the arts, and policy formation and analysis.

The Institute's core principles include the belief that truth, goodness, and beauty exist and are grounded in God's nature and character; that power tends to corrupt; that limited government and the rule of law are foundational; that utopian schemes tend toward more harm than good; and that private property, entrepreneurship, free markets, and no unnecessary regulation are the ideal.

CRISWELL COLLEGE ARTICLES OF FAITH

Criswell College operates under a confessional statement. In keeping with a long tradition, the College has adopted the [Southern Baptist Convention's Baptist Faith and Message \(2000\)](#) as follows, with several amendments (in italics) to make it more consistent with Dr. Criswell's theology:

1. The Scriptures

The Holy Bible was written by men divinely inspired and is God's revelation of Himself to man. It is a perfect treasure of divine instruction. It has God for its author, salvation for its end, and truth, without any mixture of error, for its matter. *It is inerrant and infallible in its original manuscripts which are to be taken as verbally inspired.* Therefore, all Scripture is totally true and trustworthy. It reveals the principles by which God judges us, and therefore is, and will remain to the end of the world, the true center of Christian union, and the supreme standard by which all human conduct, creeds, and religious opinions should be tried. All Scripture is a testimony to Christ, who is Himself the focus of divine revelation.

Exodus 24:4; Deuteronomy 4:1-2; 17:19; Joshua 8:34; Psalm 19:7-10; 119:11,89,105, 140; Isaiah 34:16; 40:8; Jeremiah 15:16; 36:1-32; Matthew 5:17-18; 22:29; Luke 21:33; 24:44-46; John 5:39; 16:13-15; 17:17; Acts 2:16ff.; 17:11; Romans 15:4; 16:25-26; 2 Timothy 3:15-17; Hebrews 1:1-2; 4:12; 1 Peter 1:25; 2 Peter 1:19-21.

2. God

There is one and only one living and true God. He is an intelligent, spiritual, and personal Being, the Creator, Redeemer, Preserver, and Ruler of the universe. God is infinite in holiness and all other perfections. God is all-powerful and all-knowing; and His perfect knowledge extends to all things, past, present, and future, including the future decisions of His free creatures. To Him, we owe the highest love, reverence, and obedience. The eternal triune God reveals Himself to us as Father, Son, and Holy Spirit, with distinct personal attributes, but without division of nature, essence, or being.

A. God the Father

God as Father reigns with providential care over His universe, His creatures, and the flow of the stream of human history according to the purposes of His grace. He is all-powerful, all-knowing, all-loving, and all-wise. God is Father in truth to

those who become children of God through faith in Jesus Christ. He is fatherly in His attitude toward all men.

B. God the Son

Christ is the eternal Son of God. In His incarnation as Jesus Christ, He was conceived of the Holy Spirit and born of the virgin Mary. Jesus perfectly revealed and did the will of God, taking upon Himself human nature with its demands and necessities and identifying Himself completely with mankind yet without sin. He honored the divine law by His personal obedience and, in His substitutionary death on the cross, He made provision for the redemption of men from sin. He was raised from the dead with a glorified body and appeared to His disciples as the person who was with them before His crucifixion. He ascended into heaven and is now exalted at the right hand of God where He is the One Mediator, fully God, fully man, in whose Person is effected the reconciliation between God and man. He will return in power and glory to judge the world and to consummate His redemptive mission. He now dwells in all believers as the living and ever present Lord.

C. God the Holy Spirit

The Holy Spirit is the Spirit of God, fully divine. He inspired holy men of old to write the Scriptures. Through illumination, He enables men to understand truth. He exalts Christ. He convicts men of sin, of righteousness, and of judgment. He calls men to the Savior and effects regeneration. At the moment of regeneration, He baptizes every believer into the Body of Christ. He cultivates Christian character, comforts believers, and bestows the spiritual gifts by which they serve God through His church. He seals the believer unto the day of final redemption. His presence in the Christian is the guarantee that God will bring the believer into the fullness of the stature of Christ. He enlightens and empowers the believer and the church in worship, evangelism, and service.

3. Man

Man is the special creation of God, made in His own image. He created them male and female as the crowning work of His creation. The gift of gender is thus a part of the goodness of God's creation. In the beginning, man was innocent of sin and was endowed by his Creator with freedom of choice. By his free choice, man sinned against God and brought sin into the human race. Through the temptation of Satan, man transgressed the command of God, and fell from his original innocence, whereby his posterity inherited a nature and an environment inclined toward sin. Therefore, as soon as they are capable of moral action, they become transgressors and are under condemnation. Only the grace of God can bring man into His holy fellowship and enable man to fulfill the creative purpose of God. The sacredness of human personality is evident in that God created man in His own image, and in that Christ died for man; therefore, every person of every race possesses full dignity and is worthy of respect and Christian love.

4. Salvation

Salvation involves the redemption of the whole man and is offered freely to all who accept Jesus Christ as Lord and Saviour, who by His own blood obtained eternal redemption for the believer. In its broadest sense, salvation includes regeneration, justification, sanctification, and glorification. There is no salvation apart from personal faith in Jesus Christ as Lord.

A. Regeneration, or the new birth, is a work of God's grace whereby believers become new creatures in Christ Jesus. It is a change of heart wrought by the Holy Spirit through conviction of sin, to which the sinner responds in repentance toward God and faith in the Lord Jesus Christ. Repentance and faith are inseparable experiences of grace. Repentance is a genuine turning from sin toward God. Faith is the acceptance of Jesus Christ and commitment of the entire personality to Him as Lord and Savior.

B. Justification is God's gracious and full acquittal, upon principles of His

righteousness, of all sinners who repent and believe in Christ. Justification brings the believer unto a relationship of peace and favor with God.

- C. Sanctification is the experience, beginning in regeneration, by which the believer is set apart to God's purposes, and is enabled to progress toward moral and spiritual maturity through the presence and power of the Holy Spirit dwelling in him. Growth in grace should continue throughout the regenerated person's life.
- D. Glorification is the culmination of salvation and is the final blessed and abiding state of the redeemed.

5. God's Purpose of Grace

Election is the gracious purpose of God, according to which He regenerates, justifies, sanctifies, and glorifies sinners. It is consistent with the free agency of man, and comprehends all the means in connection with the end. It is the glorious display of God's sovereign goodness, and is infinitely wise, holy, and unchangeable. It excludes boasting and promotes humility.

All true believers endure to the end. Those whom God has accepted in Christ, and sanctified by His Spirit, will never fall away from the state of grace, but shall persevere to the end. Believers may fall into sin through neglect and temptation, whereby they grieve the Spirit, impair their graces and comforts, and bring reproach on the cause of Christ and temporal judgments on themselves; yet they shall be kept by the power of God through faith unto salvation.

6. The Church

A New Testament church of the Lord Jesus Christ is an autonomous local congregation of baptized believers, associated by covenant in the faith and fellowship of the Gospel; observing the two ordinances of Christ, governed by His laws, exercising the gifts, rights, and privileges invested in them by His Word, and seeking to extend the gospel to the ends

of the earth.

Each congregation operates under the Lordship of Christ through democratic processes. In such a congregation, each member is responsible and accountable to Christ as Lord. Its scriptural officers are pastors and deacons. While both men and women are gifted for service in the church, the office of pastor is limited to men, as qualified by Scripture. The New Testament speaks also of the church as the Body of Christ which includes all of the redeemed of all the ages, believers from every tribe, and tongue, and people, and nation.

7. Baptism and the Lord's Supper

Christian baptism is the immersion of a believer in water in the name of the Father, the Son, and the Holy Spirit. It is an act of obedience symbolizing the believer's faith in a crucified, buried, and risen Saviour, the believer's death to sin, the burial of the old life, and the resurrection to walk in newness of life in Christ Jesus. It is a testimony to his faith in the final resurrection of the dead. Being a church ordinance, it is prerequisite to the privileges of church membership and to the Lord's Supper. The Lord's Supper is a symbolic act of obedience whereby members of the church, through partaking of the bread and the fruit of the vine, memorialize the death of the Redeemer and anticipate His second coming.

8. The Lord's Day

The first day of the week is the Lord's Day. It is a Christian institution for regular observance. It commemorates the resurrection of Christ from the dead and should include exercises of worship and spiritual devotion, both public and private. Activities on the Lord's Day should be commensurate with the Christian's conscience under the Lordship of Jesus Christ.

9. The Kingdom

The Kingdom of God includes both His general sovereignty over the universe and His particular kingship over men who willfully acknowledge Him as King. Particularly the Kingdom is the realm of salvation into which men enter by trustful, childlike

commitment to Jesus Christ. Christians ought to pray and to labor that the Kingdom may come and God's will be done on earth. The full consummation of the Kingdom awaits the return of Jesus Christ and the end of this age.

10. Last Things

God, in His own time and in His own way, will bring the world to its appropriate end. According to His promise, Jesus Christ will return personally and visibly in glory to the earth; the dead in Christ will rise first, then we who are alive and remain until the coming of the Lord shall be caught up together with them in the clouds to meet the Lord in the air. After the judgments of God upon this sinful world in the Great Tribulation, Jesus our Lord will come with his saints to establish His millennial kingdom. Christ will judge all men in righteousness. The unrighteous will be consigned to Hell, the place of everlasting punishment. The righteous in their resurrected and glorified bodies will receive their reward and will dwell forever in Heaven with the Lord.

11. Evangelism and Missions

It is the duty and privilege of every follower of Christ and of every church of the Lord Jesus Christ to endeavor to make disciples of all nations. The new birth of man's spirit by God's Holy Spirit means the birth of love for others. Missionary efforts on the part of all rests thus upon a spiritual necessity of the regenerate life, and is expressly and repeatedly commanded in the teachings of Christ. The Lord Jesus Christ has commanded the preaching of the gospel to all nations. It is the duty of every child of God to seek constantly to win the lost to Christ by verbal witness, undergirded by a Christian lifestyle, and by other methods in harmony with the gospel of Christ.

12. Education

18 GENERAL INFORMATION

Christianity is the faith of enlightenment and intelligence. In Jesus Christ abide all the treasures of wisdom and knowledge. All sound learning is, therefore, a part of our Christian heritage. The new birth opens all human faculties and creates a thirst for knowledge. Moreover, the cause of education in the Kingdom of Christ is co-ordinate with the causes of missions and general benevolence, and should receive, along with these, the liberal support of the churches. An adequate system of Christian education is necessary to a complete spiritual program for Christ's people.

In Christian education, there should be a proper balance between academic freedom and academic responsibility. Freedom in any orderly relationship of human life is always limited and never absolute. The freedom of a teacher in a Christian school, college, or seminary is limited by the pre-eminence of Jesus Christ, by the authoritative nature of the Scriptures, and by the distinct purpose for which the school exists.

13. Stewardship

God is the source of all blessings, temporal and spiritual; all that we have and are we owe to Him. Christians have a spiritual debtorship to the whole world, a holy trusteeship in the gospel, and a binding stewardship in their possessions. They are, therefore, under obligation to serve Him with their time, talents, and material possessions, and should recognize all these as entrusted to them to use for the glory of God and for helping others. According to the Scriptures, Christians should contribute of their means cheerfully, regularly, systematically, proportionately, and liberally for the advancement of the Redeemer's cause on earth. *The tithe is to be considered the starting place of Christian stewardship.*

Genesis 14:20; Leviticus 27:30-32; Deuteronomy 8:18; Malachi 3:8-12; Matthew 6:1-4,19-21; 19:21; 23:23; 25:14-29; Luke 12:16-21,42; 16:1-13; Acts 2:44-47; 5:1-11; 17:24-25; 20:35; Romans 6:6-22; 12:1-2; 1 Corinthians 4:1-2; 6:19-20; 12; 16:1-4; 2 Corinthians 8-9; 12:15; Philippians 4:10-19; 1 Peter 1:18-19.

14. Cooperation

Christ's people should, as occasion requires, organize such associations and conventions as may best secure cooperation for the great objects of the Kingdom of God. Such organizations have no authority over one another or over the churches. They are voluntary and advisory bodies designed to elicit, combine, and direct the energies of our people in the most effective manner. Members of New Testament churches should cooperate with one another in carrying forward the missionary, educational, and benevolent ministries for the extension of Christ's Kingdom. Christian unity, in the New Testament sense, is spiritual harmony and voluntary cooperation for common ends by

various groups of Christ's people. Cooperation is desirable between the various Christian denominations, when the end to be attained is itself justified, and when such cooperation involves no violation of conscience or compromise of loyalty to Christ and His Word, as revealed in the New Testament.

15. The Christian and the Social Order

All Christians are under obligation to seek to make the will of Christ supreme in our own lives and in human society. Means and methods used for the improvement of society and the establishment of righteousness among men can be truly and permanently helpful only when they are rooted in the regeneration of the individual by the saving grace of God in Jesus Christ. *Therefore, the greatest contribution the church can make to social betterment is to bring individual men to a heart-changing encounter with Jesus Christ.* In the spirit of Christ, Christians should oppose racism, every form of greed, selfishness, and vice, and all forms of sexual immorality, including adultery, homosexuality, and pornography. We should work to provide for the orphaned, the needy, the abused, the aged, the helpless, and the sick. We should speak on behalf of the unborn and contend for the sanctity of all human life from conception to natural death. Every Christian should seek to bring industry, government, and society as a whole under the sway of the principles of righteousness, truth, and brotherly love. In order to promote these ends, Christians should be ready to work with all men of good will in any good cause, always being careful to act in the spirit of love, without compromising their loyalty to Christ and His truth.

Exodus 20:3-17; Leviticus 6:2-5; Deuteronomy 10:12; 27:17; Psalm 101:5; Micah 6:8; Zechariah 8:16; Matthew 5:13-16, 43-48; 22:36-40; 25:35; Mark 1:29-34; 2:3ff.; 10:21; Luke 4:18-21; 10:27-37; 20:25; John 15:12; 17:15; Romans 12:14; 1 Corinthians 5:9-10; 6:1-7; 7:20-24; 10:23-11:1; Galatians 3:26-28; Ephesians 6:5-9; Colossians 3:12-17; 1 Thessalonians 3:12; Philemon; James 1:27; 2:8.

16. Peace and War

It is the duty of Christians to seek peace with all men on principles of righteousness. In accordance with the spirit and teachings of Christ, they should do all in their power to put an end to war. The true remedy for the war spirit is the gospel of our Lord. The supreme need of the world is the acceptance of His teachings in all the affairs of men and nations, and the practical application of His law of love. Christian people throughout the world should pray for the reign of the Prince of Peace.

Isaiah 2:4; Matthew 5:9, 38-48; 6:33; 26:52; Luke 22:36, 38; Romans 12:18-19; 13:1-7; 14:19; Hebrews 12:14; James 4:1-2.

17. Religious Liberty

God alone is Lord of the conscience, and He has left it free from the doctrines and commandments of men, which are contrary to His Word or not contained in it. Church and state should be separate. The state owes every church protection and full freedom in the pursuit of its spiritual ends. In providing for such freedom, no ecclesiastical group or denomination should be favored by the state more than others. Civil government being ordained of God, it is the duty of Christians to render loyal obedience thereto in all things not contrary to the revealed will of God. The Church should not resort to the civil power to carry on its work. The Gospel of Christ contemplates spiritual means alone for the pursuit of its ends. The state has no right to impose penalties for religious opinions of any kind. The state has no right to impose taxes for the support of any form of religion. A free church in a free state is the Christian ideal, and this implies the right of free and unhindered access to God on the part of all men, and the right to form and propagate opinions in the sphere of religion without interference by the civil power.

Genesis 1:27; 2:7; Matthew 6:6-7,24; 16:26; 22:21; John 8:36; Acts 4:19-20; Romans 6:1-2; 13:1-7; Galatians 5:1,13; Philippians 3:20; 1 Timothy 2:1-2; James 4:12; 1 Peter 2:12-17; 3:11-17; 4:12-19.

18. The Family

God has ordained the family as the foundational institution of human society. It is composed of persons related to one another by marriage, blood, or adoption. Marriage is the uniting of one man and one woman in covenant commitment for a lifetime. It is God's unique gift to reveal the union between Christ and His church and to provide for the man and the woman in marriage the framework for intimate companionship, the channel of sexual expression according to biblical standards, and the means for procreation of the human race.

The husband and wife are of equal worth before God, since both are created in God's image. The marriage relationship models the way God relates to His people. A husband is to love his wife as Christ loved the church. He has the God-given responsibility to provide for, to protect, and to lead his family. A wife is to submit herself graciously to the servant leadership of her husband, even as the church willingly submits to the headship of Christ. She, being in the image of God, as is her husband, and thus equal to him, has the God-given responsibility to respect her husband and to serve as his helper in managing the household and nurturing the next generation.

Children, from the moment of conception, are a blessing and heritage from the Lord. Parents are to demonstrate to their children God's pattern for marriage. Parents are to teach their children spiritual and moral values and to lead them, through consistent lifestyle example and loving discipline, to make choices based on biblical truth. Children are to honor and obey their parents.

Therefore, undergraduate students must carry a minimum of twelve credit hours every semester, and graduate students must carry a minimum of nine credit hours every semester. International students are also required by the College to meet minimum requirements for academic progress, as indicated in the [“Academic Policies”](#) section of this *Academic Catalog*. According to Department of Homeland Security regulations, international students are not allowed to take more than one (1) online course per semester.

International Student Application Process

To be considered for full acceptance, international students seeking to earn a degree are required to complete and submit the same documentation and recommendations enumerated in the [“Application Process”](#) section of this *Academic Catalog*. International students must also meet the following standards and submit the documentation listed below:

1. A certified English transcript evaluation of all foreign language transcripts included with the original transcript.
2. An official Test of English as a Foreign Language (TOEFL) or Duolingo English Test score. Criswell College requires the TOEFL with a minimum iBT (internet based TOEFL) test score of 80 or the Duolingo English Test exam with a minimum score

of 110. “Full admission” may also be granted for those students who graduated from a U.S. institution. If an international applicant graduates from a U.S. high school, the Admissions Office has the right to waive the English proficiency portion of the application process.

3. A Financial Guarantee Form, supporting bank statement(s), and/or other financial documents showing the ability to finance annual expenses to complete the degree at Criswell College. All international students must show proof of financial support for a minimum of USD \$10,000. All documentation, including copies of supporting bank statements showing the availability of funds, must be received by the Admissions Office prior to full acceptance.
4. Copy of a passport photo page from the prospective student and each dependent planning on traveling to the U.S.

International Student Visa (F-1 Status) and I-20 Form

After all documents required for admission are received and reviewed, and the applicant is approved for full acceptance, the Certificate of Eligibility for Nonimmigrant Student status (Form I-20) will be issued to the new student. If the international student applicant is in his country of home residence, the I-20 must be presented to the United States consular official before a student visa (F-1) can be issued.

As a general rule, the Department of Homeland Security regulations do not permit international students (F-1) to work off campus or engage in business in order to support themselves. Dependents (F-2) of the student may not work under any circumstances or receive compensation for services.

It is the responsibility of the international student to maintain his/her legal immigration status with the Department of Homeland Security and to fulfill IRS (Internal Revenue Service) requirements.

AUDIT

Applicants may be admitted to Criswell College on an audit-only basis for on-campus courses only and should read the [“Academic Policies”](#) section of this *Academic Catalog* pertaining to audit credit. To be considered for audit admission, applicants must file a completed Application for Admission with the Admissions Office and pay the Audit Fee (see the Financial Aid section of this *Academic Catalog*).

NON-DEGREE

Individuals may enroll as non-degree-seeking students. This status affords a person access to the College curriculum, usually on a part-time basis, at the current per credit hour rates. Applicants will need to follow the steps outlined in the [“Application Process”](#) section of this *Academic Catalog*.

In most cases, a non-degree student is not eligible for financial assistance from the College. A non-degree student may move to degree-seeking status upon completion of all applicable admission requirements.

STUDENT CONDUCT

Students who are admitted must agree to abide by the rules and regulations as set forth in the [Student Handbook](#). Students should also carefully read the Criswell College “[Articles of Faith](#),” which are subscribed to annually by all faculty, administrators, and trustees. Both the [Student Handbook](#) and the “[Articles of Faith](#)” are available at criswell.edu.

DUAL ENROLLMENT

Students may be eligible to enroll in college courses at Criswell College while still attending high school. Eligible students should exhibit maturity and superior academic achievement. Authorization for admission must be granted by the student’s high school counselor and parent(s) or legal guardian(s). In most cases, dual enrollment credit is limited to one or two courses per semester and may be applied toward a Criswell degree, and, with the high school counselor’s approval, toward high school graduation requirements. Interested students should contact the [Admissions Office](#) for more information.

EARLY ADMISSION

Applicants may be admitted to Criswell College and begin their college careers at the end of their junior year of high school according to these criteria: (1) Their academic achievement through grade eleven is superior; (2) They have the recommendations of their principal, guidance counselor, and parent(s); and (3) They show evidence of the maturity necessary for college life. Regular admission procedures are required depending on the applicant’s desire to study as a degree-seeking or non-degree-seeking student.

FINANCIAL AID

In addition to participating in post-secondary government funding (e.g., FAFSA), there is a privately funded Financial Aid Program. For more information, please see the “[Financial Information](#)” section of this *Academic Catalog*.

GRADUATE STUDIES FOR CRISWELL COLLEGE ALUMNI

Alumni of Criswell College applying for admission into a graduate program will be required to submit an [Application for Admission](#) and a new Church Recommendation Letter.

NEW STUDENT CLASSES AND REQUIREMENTS

English Proficiency

Students may be exempt from ENG 090 Developmental English, a remedial course, if they score 540 or above on the Evidence-Based Reading and Writing portion of the SAT, or 18 or above on the English portion of the ACT, or 32 or above on the Verbal Reasoning and Grammar/Writing portion of the CLT, or if they have completed a three credit-hour college English course at another institution with the grade of “C” or better.

Mathematics Proficiency

Students may be exempt from MTH 090 Developmental Math, a remedial course, if they score 530 or above on the mathematics portion of the SAT, or 21 or above on the mathematics portion of the ACT, or 19 or above on the Quantitative Reasoning portion of the CLT, or if they have completed a three credit-hour college mathematics course at another institution with the grade of “C” or better.

New Student Orientation (NSO)

New Student Orientation (NSO) is designed to familiarize the student with campus facilities, College personnel, academic policies, student life, and student services. This required Orientation event also serves to advise students in course selection. All on-campus, degree-seeking students are required to attend NSO the first semester of their enrollment. Non-degree-seeking and re-admit students are encouraged to attend NSO as well and will find the fellowship and instruction highly beneficial. New students initiating their programs during summer terms are required to attend NSO in the fall.

READMISSION

Students seeking readmission after an absence of three consecutive semesters (excluding summer and winter terms) must follow the procedures as stated under the [“Application Process”](#) section of this *Academic Catalog*. Readmission cannot be considered unless former students have met all previous obligations with the College, including the Business Office, Financial Aid Office, Academic Affairs, Admissions Office, Student Services, and the Library. If readmitted, former students enter under the requirements of the current academic year as found in this *Academic Catalog*.

TRANSFER OF CREDIT

Transfer students must provide the Admissions Office with an official copy of transcripts from every higher education institution previously attended prior to the Application Deadline. All course credits received from institutions accredited by an accreditor recognized by the Texas Higher Education Coordinating Board (THECB) and which have a grade of “C” or better are accepted at full value to the extent that the courses are

32 ADMISSIONS & ENROLLMENT SERVICES

comparable to the College's stated requirements. A current list of THECB-recognized accreditors can be found on the [THECB website](#).

A limited amount of undergraduate transfer credit may be accepted from institutions without accreditation from a THECB-recognized accreditor. Requests for a transfer of credit for courses in which the student achieved a "B" or higher and the work was done in residence are considered by the Registrar in consultation with the Vice President of Academic Affairs and appropriate Program Directors.

Courses with the CRIS designation are part of the College's common student experience and, therefore, must be taken at Criswell College.

Students must complete a certain percentage of their degree requirements through Criswell College. For more information, see the residency requirements listed in the College's Graduation Policy at [criswell.edu](#). Residency requirements are also located under the "Academic Policies" section of this *Academic Catalog*.

For information regarding the application of College Level Examination Program (CLEP) credits, see the "[Academic Policies](#)" section of this *Academic Catalog*.

Educational programs and courses sponsored by non-degree-granting organizations may be evaluated for transfer according to the recommendations of guides published by the [American Council on Education](#), the [American Association of Collegiate Registrars and Admissions Officers](#), and the [National Association for Foreign Student Affairs](#).

TRANSIENT STUDIES

Criswell College accepts as transient students those who are enrolled in degree programs at other colleges, universities, and seminaries. Transient students should obtain approval from the institutions in which they are enrolled. Applicants will need to follow the steps outlined in the "[Application Process](#)" section of this *Academic Catalog*. Applicants must also submit a letter of good standing from the institution at which they are currently enrolled. Transient students are typically not eligible for institutional financial aid and scholarships, and study is usually limited to nine semester hours in fall/spring semesters and six semester hours in winter/summer terms.

Institutional Information Provided

The College provides individuals covered by VA education benefits programs the following information prior to their enrollment in an Academic Program at the College:

1. A shopping sheet which contains estimated costs to complete a specified program, available information on success rates and job placement, information relating to federal aid sources not administered by the VA for which they may qualify, and other important information that would assist the individual in making an informed decision regarding enrollment in a specified Academic Program. (If there is a change in this information, the College provides an updated personalized shopping sheet within 15 days after tuition and fees are determined for an academic year.)
2. The requirements for graduation and a graduation timeline.
3. The name, title, and contact information of the College employee designated to serve as the point of contact for covered individuals and their families needing assistance with respect to academic, financial, and disability counseling, as well as other information regarding completion of their Academic Program.

Enrolled covered individuals will be informed by the Director of Financial Aid of the potential eligibility of other federal financial aid prior to packaging or arranging student loans or alternative financing during the registration process. Receipt of veteran educational benefits may render a student ineligible to receive other student aid or benefits. In order to prohibit automatic renewal of a covered individual in a course and/or program, each covered individual approves his or her enrollment in a course by completing the registration process.

Certification Requests

Veterans are required to request benefits in writing through the [Registrar's Office](#) each semester that they want to be certified. It is recommended that veterans register for courses as early as possible and request benefits at that time. They should submit a certification request and any additional information for a proper certification no later than the first day

of class. Chapter 33 veterans are required to make payment by the established deadline for any portion of their bill not covered by VA, according to their Certificate of Eligibility or Statement of Benefits obtained from VA.

Chapter 30, 35, and 1606 veterans must make payment for the full amount of their bill by the established deadline.

Program Length and Course Approval

All degree programs are approved for a specific number of credit hours. Eligible veterans will not be certified to the VA or paid by the VA for courses past the approved length.

The VA will pay only for required courses in an approved program. Veterans will be required to pay out-of-pocket for courses not required by their program. The VA limits payment for repeated courses (see VA Certifying Official for details).

Satisfactory Progress and Standards of Progress

All veteran students receiving benefits under all VA programs must comply with the academic and conduct standards of Criswell College, as well as those of the [U.S. Department of Veterans Affairs](#), in order to maintain satisfactory progress in the pursuit of the approved program of choice. Students who fail to maintain satisfactory progress are not permitted to continue in their program and will not be eligible to receive benefits. The veteran student who experiences difficulty in a course should contact the instructor as early as possible in the semester. If the instructor believes that tutorial assistance will benefit the student, then recommendations will be made for suitable assistance times. Criswell College does not provide paid tutors, nor is reimbursement offered to veterans who attain outside tutoring services.

Impact of Service in the Armed Forces while Enrolled

In compliance with Isakson and Roe (Section 1018), the College will accommodate the short absences of enrolled members of the Armed Forces, including reserve components and National Guard, for their service in the Armed Forces.

As with all students, members of the Armed Forces, including reserve components and National Guard, who are temporarily unavailable or must suspend enrollment by reason of their service in the Armed Forces for less than three consecutive semesters (excluding summer and winter terms), may continue their studies upon their return by registering for courses.

Members of the Armed Forces, including reserve components and National Guard, who are temporarily unavailable or must suspend enrollment by reason of their service in the Armed Forces for three or more consecutive semesters (excluding summer and winter terms) may continue their studies upon their return without reapplying for admission. If significant changes have been made to the program curriculum in which they are enrolled, these students may be required to fulfill the requirements of the new curriculum as found in the *Academic Catalog* in effect upon their return.

The following options are available with the Vice President of Finance and Operations' approval:

Criswell College Payment Plan

The College payment plan is available for credit courses in the fall and spring semesters only. Audit courses are not eligible. The payment plan has a service fee and is paid in four installments for a single semester. The first month's payment and service fee are due during registration. The other three payments are due on the 18th of September, October, and November for the fall semester, and the 18th of February, March, and April for the spring semester. Contracts must be paid in full before the end of the semester. Late fees are assessed for payments five calendar days late and will recur each month until payment is received. Students will not be allowed to register with any financial obligation owed to

the College. Contact the [Student Accounts Office](#) to request a payment plan or with any questions.

Employer Tuition Reimbursement

Tuition reimbursement may be available as an employee benefit through the student's employer. Students should contact Human Resources at their place of employment for more information. Students must pay their bill in full and will be reimbursed directly by their employer. Criswell College cannot allow a student to complete registration and attend courses without paying while waiting for tuition reimbursement from the employer.

DELINQUENT ACCOUNTS

It is the responsibility and duty of each student to ensure that all school-related debts are properly paid. All accounts at the College must be paid in full by the end of the agreed upon payment schedule. It is the policy of Criswell College that students with unpaid balances will be subject to the following:

- future enrollment refusal,
- payment plan eligibility removal,
- restricted student services access restricted and/or removal (i.e., SONIS, Canvas, wireless internet, and library),
- restriction of participation in practicums, mission trips, seminars, and other College related trips/conferences,
- graduation postponement or denial, and/or
- other disciplinary actions.

NON-SUFFICIENT FUNDS (NSF)/RETURNED CHECK POLICY

A fee will be assessed for all returned checks. For each occurrence, the student will be notified to come to the Business Office to fulfill his/her obligations with cash, credit card, or money order. Failure to satisfy payment will result in the denial of future enrollment and/or graduation. If two or more NSF checks are received, all future payments by that student must be made by cash, cashier's check, money order, or credit card.

TUITION REFUND POLICY

The tuition refund policy applies to students either withdrawing from school or selectively dropping courses after completing the official add/drop process through the [Registrar's Office](#). When there is any course schedule change (courses added, dropped, or withdrawn), tuition and financial aid will be recomputed to reflect the new course load. Fees are non-refundable. A return to Title IV calculation will be made if a student withdraws from all courses before the semester is completed.

40 FINANCIAL INFORMATION

A class meeting is defined as any official meeting time or day as noted on the semester calendar. Late registration, changes made by a professor to the official meeting dates listed on the semester calendar, and/or absences from class have no bearing on tuition refunds. Students suspended for academic or disciplinary reasons will not be entitled to a refund of tuition or fees. In the case where a course is cancelled by the College, a credit equal to 100% of tuition and fees will be given.

It is the student’s responsibility to monitor the process of the required documentation through each step to completion in the [Registrar’s Office](#). The refund will be calculated according to the date and time the required documentation is received in the Registrar’s Office.

Refunds of credit balances on a student’s account will be paid after the student has officially dropped or withdrawn through the [Registrar’s Office](#). A credit balance resulting from the receipt of Criswell awards will not be paid to the student. All refunds are mailed to the billing address of record.

Criswell College Awarding Procedure

Criswell College only awards students with complete financial aid files. Files are

44 FINANCIAL INFORMATION

considered complete when the FAFSA (and verification documents as required) and the Criswell College Supplemental Application are submitted and processed. Criswell College uses the following sequence to award aid. Pell Grant is awarded first as it is the foundation of a student's financial aid award. Texas Equalization Grant is awarded second. Institutional Scholarships are awarded third along with any outside scholarships. If a student continues to have unmet need, student loans are awarded.

International students are not eligible for federal aid. International students are required to complete both the Criswell College Financial Aid Application for international students and the Criswell College Supplemental Application for Financial Aid. For budgeting and awarding purposes, student status will be determined as follows:

- Undergraduate students taking 12 or more credit hours during a semester or term are considered to be attending full time.
- Undergraduate students taking 9–11 credit hours during a semester or term are considered to be attending three quarter time.
- Undergraduate students taking 6–8 credit hours during a semester or term are considered to be attending half-time.
- Undergraduate students taking 3–5 credit hours during a semester or term are determined to be less than half-time.
- Graduate students taking 9 or more credit hours during a semester or term are considered to be attending full time.
- Graduate students taking 6–8 credit hours during a semester or term are considered to be attending half-time.
- Graduate students taking 3-5 credit hours during a semester or term are determined to be less than half-time.

Award Notification

Once a financial aid award offer has been made, the awards are available for review on the student's portal. The student is notified via email that the awarding process has been completed. If federal loans have been awarded, the student must secure these loans on an external website (<https://studentaid.gov/h/complete-aid-process>). First-time Criswell College borrowers must complete loan entrance counseling and sign a Master Promissory Note (MPN) before loan funds can be disbursed.

Process for Accepting Financial Aid

Financial aid awards are available to review in the student's financial aid portal as soon as the student is packaged. An Award Notification is also emailed to the student's email account. The Award Notification contains the names and amounts of the financial aid awards the student is eligible to receive. The notice also contains important information about restrictions and conditions that can affect the student's eligibility to receive the amounts awarded. It should be reviewed carefully.

The student should indicate that he/she wishes to be awarded student loans on the Criswell

Supplemental Application. The student needs to accept the awarded loans online through the student portal as well. The student has the option to accept, decline, or adjust loan amounts in the student portal. Students may also request an adjustment to their direct loan award amounts by completing the Direct Loan Adjustment Form located in the student portal. First-time borrowers are required to complete entrance counseling and sign a Master Promissory Note (MPN). The student's awards are posted to the student's billing account as pending aid within 48 hours of being cleared by the financial aid department for registration.

For more information about Financial Aid and how to apply, please see the Financial Aid page of the Criswell website at www.criswell.edu/admissions/tuition-aid/how-to-apply.

Additional Eligibility Requirements

Satisfactory Academic Progress

Federal and Institutional Satisfactory Academic Progress (SAP) is reviewed at the end of each payment period. Criswell College runs SAP reports at the end of every fall, spring, and summer term for four different classifications of students. These classifications include Associate and Bachelor of Arts degrees, Bachelor of Science degrees, Master of Arts degrees and Master of Divinity degrees. Satisfactory Academic Progress is based on the student achieving both a qualitative standard and a quantitative standard, as defined below:

- **Qualitative Standard—Cumulative Grade Point Average (CGPA):** Undergraduate students in Associate and Bachelor of Arts degrees must maintain a minimum 2.0 cumulative grade point average for federal and institutional financial aid eligibility. Students enrolled in Bachelor of Science degrees must maintain a minimum 2.75 cumulative grade point average for federal and institutional financial aid eligibility. Graduate students enrolled in Master of Arts degrees in Christian Leadership, Christian Studies, or Master of Divinity must maintain a minimum 2.5 cumulative grade point average for federal and institutional financial aid eligibility. Students enrolled in Master of Arts in Counseling or Theological and Biblical Studies must maintain a minimum 2.75 cumulative grade point average for federal and institutional financial aid eligibility. Some Criswell College scholarships that are merit based have higher minimum GPA requirements and are listed specifically in the Institutional Aid Policy.
- **Quantitative Standard—Pace of Progression:** Pace of progression is determined by dividing the cumulative number of credit hours successfully completed by the cumulative number of credit hours attempted, including transfer hours that have been accepted. Students must maintain a pace of progression of 67% for all course work attempted, including transfer credits.
- **Program Completion Time Frame:**
If they otherwise qualify, students who have not yet attempted 150% of the hours required for their degree program may be eligible for financial aid. (See the appropriate *Academic Catalog* for the year in which the student enrolled).

Attempted hours include all transferred credits and all Criswell courses passed, failed, repeated, or withdrawn.

If a student fails to meet one or more of the above standards, the student will be placed on one of three SAP statuses, as described below, and the student will be notified by mail of the change in his or her SAP status:

- **Warning status:**
If the student was previously under a Satisfactory SAP status, the student's status will be moved to a Warning status for one semester, meaning that the student is being warned that he or she is not meeting SAP eligibility and has one semester to correct his or her eligibility before being placed on financial aid suspension. During this semester, the student will continue to be eligible for financial aid.
- **Suspension status:**
If the student was previously under a Warning SAP status and fails to meet SAP eligibility requirements during the next semester, the student's status will be moved to Suspension status, and he or she will not be eligible to receive federal or institutional financial aid during the next semester he or she attends. Students on financial aid suspension may appeal this decision by completing the SAP Appeal Process (see below). Note: Financial Aid SAP eligibility is different from academic probation or suspension. Students who are on financial aid suspension may be allowed to register for and attend classes in future semesters if they are not also on academic suspension. See the Registrar for more information.
- **Probation status:**
If a student is placed on financial aid suspension, he or she has the option to appeal this suspension through the SAP Appeal Process. If the appeal is granted, the student will be placed on financial aid probation with an academic plan to assist the student in regaining satisfactory academic progress. While on probation, the student may continue to receive federal, state, and institutional aid if he/she is otherwise eligible.

Appeal Process

A student who has been placed on financial aid suspension for not meeting the required SAP guidelines may appeal his/her suspension if there were unusual or extenuating circumstances that contributed to the student's failure to meet these guidelines. Unusual or extenuating circumstances include:

- serious injury of the student or an immediate family member,
- serious extended illness of the student or an immediate family member,
- divorce experienced by the student or his/her parent, or
- death of a family member or significant person in the student's life.

To make an appeal, the student should follow the steps outlined on the Appeal Application and submit the Financial Aid Satisfactory Academic Progress Suspension

Evaluation and Appeal Request form. All SAP appeal requests will be reviewed by the Director of Financial Aid.

The appeal request must include a statement from the student regarding what has changed and what he or she will do differently to enable him or her to meet SAP guidelines in the future. Appropriate documentation to support the request is required.

The documents provided must support the reason for the appeal and match the period of time for which SAP standards were not met. If a student makes more than one appeal request, each appeal must be for a different reason. See the Financial Aid Satisfactory Academic Progress Suspension Evaluation and Appeal Request form for more information. All appeal decisions are final. Students are notified in writing of the outcome of the financial aid appeal.

Regaining Financial Aid Satisfactory Academic Progress Eligibility

Students who are placed on financial aid suspension for not maintaining the required SAP eligibility standards for CGPA must complete courses at Criswell College at their own expense to regain financial aid eligibility. Students who are placed on financial aid suspension for not maintaining the required SAP eligibility standards for pace of progression must complete courses at Criswell College, or courses that transfer in from an accredited institution, at their own expense.

After the student has completed sufficient coursework to remove the suspension status, the student's SAP status will be reevaluated at the end of the semester, and his or her status will be updated based on current SAP standards.

Students who are placed on financial aid suspension because they have not met the program completion time frame requirements and have reached the maximum number of hours or time frame allowed to complete their degree program may not regain eligibility to receive financial aid. In order to complete a degree program and graduate from Criswell College, the student will have to complete those courses without receiving federal financial assistance. If the student feels that these calculations are incorrect, he or she may contact the Director of Financial Aid and ask for a formal review of eligibility.

Other Financial Aid Progress Guidelines

- **Repeat Courses:**
Students may receive federal financial aid for repeat courses in which a previous grade of "F" was received. Students can continue to receive financial aid for each repeated course as long as the previous attempt resulted in an F. Students have only one opportunity to retake a course to improve the grade and receive financial aid if the student has received a grade of D or higher for that course. Funding for remedial courses is only provided once.

- **Incomplete Grades:**
Courses in which a grade of “I” is received will affect a student’s pace of progression and may lead to the student being placed on financial aid warning or suspension. Once the student has completed the course(s), he may request an evaluation to reassess his/her SAP status using the Suspension Evaluation and Appeal Request form.
- **Second Bachelor’s Degree:**
Not all financial aid programs are available to students seeking a second bachelor’s degree, including accredited and non-accredited degrees. Students should inquire in the Financial Aid Office for more information.

Return of Title IV Funds (Maintaining Eligibility for Financial Aid)

Under What Circumstances Might a Student Be Expected to Return Federal Aid Funds?

Federal law specifies how schools must determine the amount of Title IV program assistance that is earned when a federal financial aid recipient withdraws from school.

When a student withdraws during the payment period, the amount of federal grant and/or loan assistance earned up to that point is determined by a Department of Education sponsored online calculator. If less assistance was received than earned, the student might qualify for a post-withdrawal disbursement. If more assistance is received than earned, the unearned funds must be returned by the school and/or student to the appropriate federal program(s). The federal code of regulations 34 CFR 668.22 defines the treatment of withdrawals, the calculation of earned and unearned aid, the disbursement or return of federal funds, and the timelines for each.

If a recipient of Title IV funds withdraws from school after beginning attendance, the amount of Title IV aid earned by the student must be determined. This applies to any student receiving Title IV aid who officially withdraws, stops attending, or is suspended.

If a student ceases attendance prior to the 60% completion point of any payment period for which he or she received financial aid, the student may owe a repayment of unearned financial aid funds to the College. The completion point is based on the total number of class days in a payment period. If it is determined that a student owes a repayment of funds, the Financial Aid Office will notify him or her via email. Students can also check balances owed through the College’s student portal. Aid will not be disbursed to students who owe a balance from a previous academic year until that balance is paid in full.

Other Possible Consequences of Dropping Classes or Withdrawing from the College

If circumstances allow the student to remain actively enrolled in school past the 60% completion point of any payment period, then Title IV funds are considered to be “earned”. Schools are required to complete a Return to Title IV calculation for all students

regardless of completion point to evaluate for post-withdrawal disbursement eligibility. Withdrawing from courses can affect a student's future eligibility for Title IV funds and institutional scholarships due to SAP eligibility requirements.

Post-Withdrawal Disbursement (PWD) Conditions

If a student has accepted Title IV aid by the date of the withdrawal, but the aid has not been disbursed, the student may be eligible for a post-withdrawal disbursement. A Return to Title IV calculation must be performed to determine if the student is eligible for a post-withdrawal disbursement. Criswell College must make this determination within thirty (30) calendar days from the date the Financial Aid Office becomes aware of the withdrawal.

The following conditions apply when processing a post-withdrawal disbursement:

- A student must have accepted aid by the date of the withdrawal.
- If, before the student's withdrawal date a loan offer has been accepted, the loan must also have been originated by Criswell College.
- The Financial Aid Office sends notification of post-withdrawal disbursement to students by email or mail.
- For students who provide positive affirmation in response to the PWD notification within the forty-five (45) calendar day timeframe allowed in Federal regulations, the Financial Aid Office will request the post-withdrawal disbursement.
- If the amount disbursed to the student is less than the amount the student earned and for which the student is otherwise eligible, he is eligible to receive a post-withdrawal disbursement for the earned aid that was not received.

Return of Funds to Federal Programs

Financial Aid Office personnel will apply the federally mandated repayment formula for the return of financial aid funds. Funds will be returned to the programs from which the money was paid to the student in the following order:

- Unsubsidized Federal Direct Stafford Loan Program,
- Subsidized Federal Direct Stafford Loan Program,
- Federal Direct Parent Loan Program (PLUS), and
- Federal Pell Grants.

When Criswell College returns loan funds to the Department of Education on behalf of the borrower, the College will provide simultaneous written notice to the borrower in the form of an email notification or physical letter.

STUDENT SERVICES

Christian higher education is far more than facts and information; the development of the student outside the classroom is equally important. Matters of student life and co-curricular involvement are embraced as significant contributors to the total educational environment.

Student life and student development at Criswell College are primarily the responsibility of the [Student Services Office](#). These entities provide necessary oversight for most student development functions and student life as a whole; however, the College encourages broad involvement from administration, faculty, staff, and volunteer student leaders. Student development involves the physical, spiritual, and communal growth of the student. It is, at its core, a true co-curricular endeavor, helping to synthesize and apply academic principles. The specific mission of the Student Services Office states,

The Student Services Office exists to promote the success of all Criswell College students by providing support programs that foster and encourage the physical, intellectual, spiritual, social, and emotional growth of individual students, contributing to their preparation to serve as Christian leaders throughout society.

This mission of service to the student body is exercised through these campus programs, organizations, and services.

LEADERSHIP DEVELOPMENT

The mission of Criswell College is not simply to prepare graduates for leadership positions, but rather to develop Christian leaders who make a difference throughout society, for Christ and the Gospel. Therefore, leadership is not only a component of the curriculum; it is an integral part of the total Criswell College experience. Leadership training is the development of a person, and no one course can fully develop a person.

Campus Organizations

Students are encouraged to present ideas and designs for new clubs and organizations that serve various student interests. All proposed student organizations or publications must be approved by the Director of Student Engagement and/or by the administration. For more information, please refer to the [*Student Handbook*](#).

Co-Curricular Learning

The Student Services Office works closely with our faculty and administration to intentionally design programs that enhance classroom learning. These programs encourage greater faculty-student dialogue and provide opportunities to explore specific issues related to Kingdom living.

Student Government Association (SGA)

The [*Student Government Association of Criswell College*](#) is one of the most active student organizations within the office of Student Services. The SGA is made up of and administered entirely by students and is the representative body of the students at Criswell College. The purpose of Student Government is to be the voice of the student body at Criswell College, to serve as a model government (through the Executive, Legislative, and Judicial branches), and to foster leadership development.

SPIRITUAL ENRICHMENT

Many programs and events are scheduled each semester to specifically nurture our students spiritually and to challenge them to higher levels of Christian maturity. Each semester brings various campus prayer groups and student-led Bible study sessions where students share ministry experiences, give their testimonies, and pray for one another.

Campus Ministry

Ministry opportunities abound in the Dallas Metroplex. Many strong, evangelical churches and ministry organizations exist even in the immediate College neighborhood. Students are involved with urban mission sites, jail and prison ministries, street evangelism, social service ministries, overseas mission ventures, and special ministry projects. Many local churches seek volunteer assistance from Criswell College students for community evangelism, pulpit supply, church planting, and worship leadership. Other ministry-related events include Local Learning and Service, Global Learning and Service, and Housing Service Projects.

Chapel

Criswell College's chapel program is a vital component of the Christ-centered education offered at the College and is designed around a four-fold mission:

- To engage students, faculty, and staff in deliberate and sincere corporate worship
- To endear sound biblical teaching to students, faculty, and staff
- To experience genuine community as a campus family
- To expose students to creative, diverse ministries and ministry callings.

Missionaries, pastors, educators, denominational workers, and other special speakers provide inspiration and encouragement through chapel worship. Students are invited to speak in Chapel on various occasions and are encouraged to participate through music and testimony.

Chapel programs are scheduled twice weekly, with Thrive Chapel's scheduled at various times during the academic year. Undergraduate students are required to attend chapel programs every semester in order to graduate however, exemptions are available for special circumstances. Chapel grades are issued each semester on a credit/non-credit basis. Please refer to the [Student Handbook](#) for more information.

CAMPUS CLOSURE

In the possibility of an event necessitating a campus closure, administrators will make a timely decision to close the College, delay the opening of the College, or open the College as scheduled. Should the College decide not to hold classes and/or to close all functions of the College, announcements will be posted on the College website and students will be notified via their school issued email addresses. Students who have opted into the Nixle notification program will also be notified via their chosen preferences. For more information regarding Nixle, please visit [Campus Police](#). Weather-related closures will also be communicated through the following local television stations: ABC channel 8, CBS channel 11, FOX channel 4, and NBC channel 5.

It is important that students determine their ability to travel safely to the College when weather conditions create road hazards. Students who feel it is not safe to travel to classes should contact their instructors at the earliest possible time.

Once a campus closure has been announced, instructors will contact students to provide further details regarding the campus closure's impact on those courses. Students are expected to monitor communications from their instructors regarding campus closures and respond appropriately. (This communication will be sent to students' Criswell College email accounts, unless otherwise specified by the instructor in the syllabus.)

In order to make progress toward course objectives, instructors have the freedom during most campus closures to require students to participate in activities as an alternative to meeting on campus. An instructor may, for example, hold class remotely through Zoom at the scheduled time, provide a recording of a class or presentation on Canvas for students to watch, or assign other activities to be accomplished in lieu of meeting. Students are responsible for accomplishing these alternative activities as well as any course requirements listed in the syllabus during the period of the campus closure. If personal circumstances prohibit a student from accomplishing these alternative activities

54 STUDENT SERVICES

or the course requirements and assignments listed in the syllabus during the campus closure, that student is responsible for communicating with the instructor as soon as possible. Instructors will not penalize students who do not have the means to accomplish the alternative activities while the campus is closed and will work with students whose circumstances during the campus closure prohibited their timely completion of course requirements and assignments in the syllabus.

CAMPUS POLICE

The safety and well-being of our College family is a high priority. Should any emergency or security issue arise, students are requested to immediately contact [Campus Police](#) at 214-818-1333 or by dialing 1333 from any campus phone. A red emergency phone is located along the south wall of the classroom hallway and will call Campus Police directly. If there is an emergency requiring medical assistance, students should also call 911.

Campus Police also prepares and provides an annual report, in compliance with the [Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act \(Clery Act\)](#), which documents public crime statistics for specific types of crimes that have occurred on or around the campus during the previous three calendar years. Contact Campus Police or visit criswell.edu for a copy of this report.

COMPLAINTS

A student or parent may, at any time, submit complaints or concerns to the Student Services Office. Complaints can be either formal or informal, with different implications respectively. Details regarding both formal and informal complaints, and their submission and handling, can be found in the [Student Handbook](#).

DISABILITIES

Criswell College recognizes and supports the standards set forth in Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act (ADA) of 1990, and similar state laws, which are designed to eliminate discrimination against qualified individuals with disabilities. Disabilities may include physical or mental impairments which substantially limit one or more of a person's major life activities, and which necessitate modifications to the facilities, programs, or services of the College. Criswell College is committed to making reasonable accommodation for qualifying students, faculty, and employees with disabilities as required by applicable laws. Criswell College is also committed to making the campus and its facilities accessible as required by applicable laws. The College cannot make accommodations that are unduly burdensome or that fundamentally alter the nature of the College's programs.

While responsibility for the accommodation of students with qualifying disabilities must be assumed and shared by all members of the College community, the Student Success Office is responsible for reviewing and acting upon all student requests and

concerns regarding reasonable accommodations. Further, the Student Success Office, in consultation with appropriate campus personnel, facilitates the implementation of accommodations that have been deemed reasonable and appropriate in light of the nature of a student's disability and in consideration of the individual's academic requirements. The Student Success Office also serves as a resource to students and faculty on issues of accommodation and helps to coordinate the implementation of approved accommodations within other sectors of the institution. Students seeking accommodations are responsible for initiating the request process, providing appropriate documentation as required, maintaining communication with the Disabilities Coordinator regarding their accommodation needs, and communicating approved accommodations to their professors in a timely manner. Students are also responsible for working collaboratively with faculty and the Disabilities Coordinator to address any questions or concerns regarding the implementation of approved accommodations.

EMPLOYMENT SERVICES

Employment opportunities are posted year-round for students, alumni, and spouses. Many area businesses and organizations seek specifically to hire Criswell College students. Job listings are made available through the Student and Alumni Job Opportunities page on the Criswell website. Church ministry positions are also kept current and posted for student consideration.

IDENTIFICATION CARDS

Student identification cards are issued by Campus Police during registration at no charge and provide various services, including access to the campus. If lost, stolen, or damaged, the student should report it to Campus Police and have his/her ID replaced. A replacement fee applies (see fee schedule under "Financial Information" section of this *Academic Catalog*).

For more information, contact Campus Police or refer to the [Student Handbook](#).

PUBLICATIONS

The [Student Handbook](#) is the primary source for policies, guidelines, and information concerning student life and student issues. It is expected that every student will be familiar with the handbook and conscientiously abide by all College rules, regulations, and policies.

SONIS

SONIS serves as the College's centralized student information system (SIS). The SONIS Student Portal allows students to register for classes, access final grades and unofficial transcripts, accept and view financial aid offers, view book lists, and more. The SONIS Student Portal is accessible by going to <https://www.office.com/> and entering the login information provided during the admissions process. Students will then select the Criswell SONIS tile under the Apps category. Students may also access their

information through the SONIS login page, located at criswellsonis.jenzabarcloud.com. For more information or technical support, email techsupport@criswell.edu.

Student Passwords

Students unable to log into their Microsoft 365 account may submit a password change request by following the appropriate link on the application. If the request is made in person or over the phone, students may be required to confirm their identity by accurately providing their student identification number and the last four digits of their Social Security number, as well as confirming the mailing address and/or phone number the College has on file. Once the student provides this information, a Criswell IT staff member may reset the institutional email password in consultation with the student or provide instruction on how to do so. For more information, visit or call the Department of Information Technology at 214-818-1358.

RESIDENCE LIFE

The Criswell Housing Program is at the center of spiritual and student life at Criswell College. Residents live with other students in an apartment-style dorm room and face the challenges and triumphs of daily college life together. The Criswell Housing Program serves as a vital network to maximize the student life experience as well as provide a framework within which students grow relationally, academically, and spiritually.

To participate in the Housing Program, students must live in student housing as arranged by Criswell College. See the Student Housing Office for rates and other information.

TECHNOLOGY USE AND SUPPORT

The Department of Information Technology maintains a network for student use that provides access to campus computing facilities by way of the Library and a Tutoring Center, including software support for email, the internet, library research, and standard applications for preparing course assignments. Students agree to adhere to the College's technology policies whenever they connect or login to the network or online information system. The College reserves the right to disconnect users without warning to protect the integrity and/or usability of the network. For more information, refer to the [Student Handbook](#).

For technical support on student email accounts, the learning management system (Canvas), and the student information system (SONIS), students can email the Department of Information Technology at techsupport@criswell.edu.

Canvas

Canvas by Instructure is the learning management system (LMS) used for both on-campus and online courses. Students can access tests, quizzes, assignments, and supplemental materials, as well as track grades and communicate with professors via Canvas email.

To log in, students use the Office 365 credentials assigned by the IT department upon admission. Once logged into Office, they can access Canvas through the app icon.

For technical support, email techsupport@criswell.edu.

Identity Verification for Distance Education Courses

Students enrolled in an Online Education course must upload a picture ID to their Canvas Account Profile prior to the first “live” (synchronous) session of the course. Instructors will determine how they will verify students’ identity (e.g., live-streamed meetings, video assignments, scheduled video conference calls). Students enrolled in an online course are required to participate in this verification exercise. For more information, email techsupport@criswell.edu.

TITLE IX

Title IX is a federal civil rights law that prohibits sex-based discrimination in educational programs or activities receiving federal funding. At Criswell College, violations include sexual harassment, sexual assault, dating violence, stalking, and retaliation. Conduct not meeting these criteria, such as isolated off-campus incidents unrelated to college activities, may not constitute a violation. For assistance, contact Title IX Coordinator at titleix@criswell.edu. To report anonymously, visit criswell.edu/title-ix-reporting.

CRISWELL
COLLEGE

ACADEMIC POLICIES

ACADEMIC ADVISING AND CURRICULUM PLANNING

Criswell College’s Academic Programs embody a coherent course of study, are compatible with the stated mission and goals of the institution, and are based upon fields of study appropriate to higher education. The goals for each Academic Program are met when students successfully complete that program’s curriculum, that is, the specific courses required in the recommended sequence.

Students are advised to consult and follow the sequence of courses listed in the program map found in the *Academic Catalog* or by visiting www.criswell.edu/academics/. Students should regularly consult with their academic Program Directors for assistance in course scheduling.

Students are also advised to consult the course descriptions in the *Academic Catalog*. Course descriptions indicate any prerequisites required for a specific course. Course prerequisites must be met before registering for the desired course (for exceptions, see the appropriate Program Director). Course descriptions also indicate if a specific course must be taken at or prior to a certain point in their studies.

Entering freshmen: Students must prioritize their course load accordingly. After admission, the following courses should be taken as soon as possible:

Semester	Courses	
Hrs		
3	COM 101	Rhetoric and Writing I (or ENG 090 Developmental English)
3	BIB 105	Hermeneutics
3	100-400	Natural Science or Mathematics (Depending on program)
3	THS 201	Church History
3	CRIS 100	The Roots of a Christian Scholar

60 ACADEMIC POLICIES

3	NTS 101	New Testament Survey I
3	OTS 101	Old Testament Survey I

Undergraduate students must take CRIS 100 within the first two semesters after being admitted. ENG 090, COM 101, COM 201, MTH 090, and one 100-400 level mathematics course must be completed within the student's first 30 earned hours of course work unless transferred credits for the English, communications, and mathematics courses have been accepted by the Registrar for the student's degree plan.

Ministry practicum courses are reserved for upper-level degree program completion.

Graduate students must complete all degree prerequisites within the first 50% of course work for each graduate degree. Until the degree prerequisites are satisfied, a prerequisite must be taken each semester in which a student is enrolled. Course prerequisites must be adhered to, and recommended course sequences should be observed.

ACADEMIC APPEALS

Any student wishing to appeal a final course grade will begin by consulting the instructor(s) involved, seeking to reach an agreement. If that is not possible, the student may appeal in writing to the Academic Cabinet within 30 days from the date that the grade was assigned, by sending a letter and all relevant documentation to the Instructional Support Coordinator.

A student who wishes to appeal an assignment or exam grade must do so by consulting the instructors(s) involved.

Students applying to or in the College's Educator Preparation Program who wish to appeal a decision made by the Education Committee may appeal in writing to the Academic Cabinet within 30 days from the date that the Education Committee notified the student of its decision. The student will send a letter and all relevant documentation to the Instructional Support Coordinator.

For more information concerning the appeals process, please consult the [Academic Appeals Policy](#) on the College website.

ACADEMIC HONESTY

Absolute truth is an essential belief and basis of behavior for those who believe in a God who cannot lie and forbids falsehood. Academic honesty is the application of the principle of truth in the classroom setting. Academic honesty includes the basic premise that all work submitted by students must be their own and any ideas derived or copied from elsewhere must be carefully documented.

Academic dishonesty includes, but is not limited to:

- cheating of any kind,
- submitting, without proper approval, work originally prepared by the student for another course,
- plagiarism, which is the submitting of work prepared by someone else as if it were his/her own, and
- failing to credit sources properly in written work.

Academic dishonesty is an especially serious matter for a Christian, given the significant theological, ethical, moral, and legal aspects of it. The following process will be used to address suspected and actual instances of academic dishonesty:

1. If the instructor suspects academic dishonesty, she or he will seek an explanation through direct interaction with the student. If the student is cleared of any wrongdoing by the instructor, no further action is needed.
2. If academic dishonesty is confirmed, the instructor has authority to take whatever academic action she or he deems suitable, from a significant grade reduction to failure of the course. The instructor will document the details on the appropriate form. One copy will be provided to the student. One copy will be retained by the instructor. The original form will be given to the Instructional Support Coordinator for placement in the student's permanent file, which is maintained by the Registrar.
3. If the student disagrees with the instructor's conclusion, the student may appeal the decision to the Academic Cabinet. To appeal, the student will send a letter and relevant documentation to the Instructional Support Coordinator. After receiving the letter and all relevant documentation from the student, the Instructional Support Coordinator will contact the instructor to collect evidence regarding the matter. The Instructional Support Coordinator will then distribute all evidence to the Academic Cabinet.
4. The Academic Cabinet will meet to consider the evidence. Any member of the Academic Cabinet with a prejudiced viewpoint may be excused from the discussion. If the instructor involved in the matter is a member of the Academic Cabinet, she or he will be excused from the discussion.
5. The Academic Cabinet will provide a decision in writing, copies of which will be distributed to the student, the instructor involved, and the Registrar for placement in the student's permanent file.
6. A second confirmed offense is considered sufficient basis for dismissal from the College.

ACADEMIC HONORS AND AWARDS

Honors Awards

Honors awards given to graduating students might pertain to a level of study (e.g., undergraduate or graduate), an academic discipline (e.g., preaching, Hebrew, or Greek), an academic program (e.g., B.S. Education, B.A. Psychology, Master of Divinity), or simply academic excellence (i.e., Who's Who). Program Directors determine whether to grant an award in their program for the current academic year, and faculty who teach in a specific discipline determine whether to grant an award in that discipline for the current academic year. Faculty vote on whether to approve award nominees. Any of the awards may be presented at the end of an academic year. For more information, contact the Instructional Support Coordinator.

Dean's List

Dean's List honorees are determined at the end of each fall and spring semester. Eligibility is determined based on the official grades received for all courses taken that semester.

To qualify for the Dean's List, an undergraduate student must complete at least 12 credit hours, earn a minimum 3.5 GPA, and rank in the top 10% of the undergraduate class for the semester in which the honor is awarded. A graduate student must complete at least 9 credit hours, earn a minimum 3.5 GPA, and rank in the top 10% of the graduate class for the semester in which the honor is awarded. Students who qualify for the Dean's List will receive a letter of notification from the Office of the Vice President of Academic Affairs. For more information, contact Academic Affairs.

As an honor bestowed upon a student, inclusion on the Dean's List is considered directory information. As directory information, the names of students on the Dean's List may be published. However, the names of students who have a current Directory Opt-Out Form on file with the Registrar's Office requesting that this information be kept confidential will be removed prior to publication.

ACADEMIC RECORDS

Consistent with the Family Educational Rights and Privacy Act of 1974 (FERPA), as amended, Criswell College uses the following guidelines regarding academic records:

Academic Record

When a student enrolls at Criswell College, an official academic record begins with the student's relevant admissions material and is maintained in the Registrar's Office. Necessary documents are added to the file as they become available. Current or former students may review their records during the operating hours of the College, unless access to a document has been waived, such as with recommendations. Responsible individuals at the College, if determined to possess a legitimate educational interest, may

be given access to educational records at the discretion of the Registrar. The educational records of a current or former student may not be released to other parties without the written permission of the student. Other exceptions may be made, consistent with the exceptions noted in FERPA. It should be noted that original documents contained in the student's educational record will not be returned to the student, parent or guardian, or any third-party inquiry.

Challenge to Academic Record

Current or former students may challenge their academic records if they believe the record is inaccurate or misleading. To do so, the student must give written notification to the Registrar's Office, indicating which portion of the record is considered inaccurate or misleading, and should include evidence for drawing that conclusion. The Registrar and Vice President of Academic Affairs will consider the challenge and make a decision which may be appealed to the President or, where appropriate, the Academic Cabinet (see "[Academic Appeals](#)" section). Students who are not satisfied with the outcome of the challenge have the right to place in their academic record a statement commenting on the issue or decision.

Notification of Rights under FERPA for Postsecondary Institutions

Rights under FERPA

The [Family Educational Rights and Privacy Act \(FERPA\)](#) affords eligible students certain rights with respect to their education records. (An "eligible student" under FERPA is a student who is 18 years of age or older or who attends a postsecondary institution.) These rights include:

1. The right to inspect and review the student's education records within 45 days after the day Criswell College receives a request for access. A student should submit to the Registrar a written request that identifies the record(s) the student wishes to inspect. The Registrar will make arrangements for access and notify the student of the time and place where the records may be inspected. If the Registrar does not maintain the records, the Registrar shall advise the student of the correct official to whom the request should be addressed.
2. The right to request the amendment of the student's education records that the student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

A student who wishes to ask the school to amend a record should write the school official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed.

If the school decides not to amend the record as requested, the school will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

64 ACADEMIC POLICIES

3. The right to provide written consent before the university discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

The school discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by Criswell College in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee. A school official also may include a volunteer or contractor outside of Criswell College who performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, collection agent, or a student volunteering to assist another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for Criswell College.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Criswell College to comply with the requirements of FERPA. The name and address of the office that administers FERPA is as follows:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

Disclosure of Personally Identifiable Information (PII)

FERPA permits the disclosure of PII from students' education records, without consent of the student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, §99.32 of FERPA regulations requires the institution to record the disclosure. Eligible students have a right to inspect and review the record of disclosures. A postsecondary institution may disclose PII from the education records without obtaining prior written consent of the student —

- To other school officials, including teachers, within Criswell College whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in §99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(2) are met. (§99.31(a) (1))
- To officials of another school where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of §99.34. (§99.31(a)(2))
- To authorized representatives of the U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as a State postsecondary authority that is responsible for supervising the university's State-supported education programs. Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§99.31(a)(3) and 99.35)
- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(a)(4))
- To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§99.31(a)(6))

- To accrediting organizations to carry out their accrediting functions. (§99.31(a)(7))
- To parents of an eligible student if the student is a dependent for IRS tax purposes. (§99.31(a)(8))
- To comply with a judicial order or lawfully issued subpoena. (§99.31(a)(9))
- To appropriate officials in connection with a health or safety emergency, subject to §99.36. (§99.31(a)(10))

- To a victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense, subject to the requirements of §99.39. The disclosure may only include the final results of the disciplinary proceeding with respect to that alleged crime or offense, regardless of the finding. (§99.31(a)(13))
- To the general public, the final results of a disciplinary proceeding, subject to the requirements of §99.39, if the school determines the student is an alleged perpetrator of a crime of violence or non-forcible sex offense and the student has committed a violation of the school’s rules or policies with respect to the allegation made against him or her. (§99.31(a)(14))
- To parents of a student regarding the student’s violation of any Federal, State, or local law, or of any rule or policy of the school, governing the use or possession of alcohol or a controlled substance if the school determines the student committed a disciplinary violation and the student is under the age of 21. (§99.31(a)(15))

ACADEMIC REQUEST FORMS

Special requests regarding a student’s academic program and records are processed by using one of the academic request forms. The [Registrar’s Office](#) only processes the request after compliance with all relevant instructions and applicable signatures. The approved original form will be maintained in the student’s academic record.

ACADEMIC STANDING

Good Standing

A student is considered to be in Good Standing when he or she holds a satisfactory Grade Point Average (GPA) for the semester and a satisfactory Cumulative Grade Point Average (CGPA) for all completed semesters, and therefore not subject to Academic Warning, Probation, Suspension, or Dismissal. Satisfactory GPA and CGPAs are as follows:

- 2.0 or higher for A.A. and B.A. students;
- 2.75 or higher for B.S. students;
- 2.5 or higher for M.A.C.L., M.A.C.S., and M.Div. students; or
- 2.75 or higher for M.A.T.B.S. students.

Academic Warning

A student is placed on Academic Warning when either the prior semester's GPA or cumulative grade point average is unsatisfactory.

- Below 2.0 for A.A. and B.A. students;
- Below 2.75 for B.S. students;
- Below 2.5 for M.A.C.L., M.A.C.S., and M.Div. students; or
- Below 2.75 for M.A.T.B.S. students.

While on Academic Warning, the student is required to meet with the Student Success Office at least three times throughout the semester. These meetings will be prompted by the Student Success Office at the start, middle, and end of each semester, but the student is responsible for scheduling and attending each meeting in its entirety. If the student does not meet with the Student Success Office at least three times over the course of the semester, a hold will be placed on the student's account preventing her or him from registering for classes until satisfying requirements set by the Student Success Office. Students who do not fulfill their obligation to meet with the Student Success Office may face immediate suspension.

The student stays on Academic Warning so long as he or she is making Academic Progress (see below) and is removed from Academic Warning when the student achieves Good Standing. While on Academic Warning during a fall or spring semester, an undergraduate student may not take more than 12 hours, and a graduate student may not take more than 9 hours. A student on Academic Warning may not take more than 3 hours during a winter or summer term.

A student is placed on Academic Probation when, at the end of the semester on Academic Warning, he or she has failed to make Academic Progress.

Because international students are required to take a full course load in order to maintain their F-1 visa status, an international student who fails to make Academic Progress at the end of a semester on Academic Warning will be placed on Academic Suspension.

Academic Progress

A student is making Academic Progress when he or she achieves a satisfactory GPA but is still lacking a satisfactory CGPA.

Academic Probation

A student is placed on Academic Probation when he or she has failed to make Academic Progress at the end of a semester on Academic Warning. The student who makes Academic Progress at the end of his or her first semester on Academic Probation is placed on Academic Warning. The student on Academic Probation, whose GPA and CGPA are unsatisfactory at the end of the semester on Academic Probation, continues on Academic Probation for a second semester. The student who makes Academic Progress

during the second semester is placed on Academic Warning. The student on Academic Probation, whose GPA and CGPA both become satisfactory, returns to Good Standing. (International students should also see “[International Students](#)” under “Academic Standards” in the “Admissions and Enrollment Information” section of the *Academic Catalog*.)

While on Academic Probation, the student is required to meet with the Student Success Office at least three times throughout the semester. These meetings will be prompted by the Student Success Office at the start, middle, and end of each semester, but the student is responsible for scheduling and attending each meeting in its entirety. If the student does not meet with the Student Success Office at least three times over the course of their semester on probation, a hold will be placed on the student’s account preventing him or her from registering for classes until satisfying requirements set by the Student Success Office. Students who do not fulfill their obligation to meet with the Student Success Office may face immediate suspension.

While on Academic Probation during a fall or spring semester, an undergraduate student may not take more than 6 hours, and a graduate student may not take more than 3 hours. A student on Academic Probation may not take more than 3 hours during a winter or summer term. A student on Academic Probation forfeits all institutional financial aid and might also be restricted from College extracurricular activities.

A student who does not make Academic Progress by the end of her or his second semester on Academic Probation is placed on Academic Suspension.

Academic Suspension

A student is placed on Academic Suspension after demonstrating that they are not able to make satisfactory Academic Progress with current resources. Upon suspension, the student’s Program Director and a member of the Student Success Office determine what criteria must be met before being allowed to return and enroll in courses. The student’s Program Director and Student Success Office representative will provide the terms of the suspension in a written communication to the student and the Registrar. The student may appeal the terms of the decision through the [Academic Appeals Policy](#).

Returning from Academic Suspension

Students returning to the College after Academic Suspension are placed on Academic Probation. Students who make Academic Progress during their first semester back are then placed on Academic Warning. Students who do not make Academic Progress during their first semester back remain on Academic Probation for a second semester.

Because of course load requirements of their F-1 visa status, international students returning to the College after Suspension are placed on Warning. International students who do not make Academic Progress during their first semester back remain on Academic Warning for a second semester.

Academic Dismissal

Students who have a GPA of 0.0 in any given semester face Academic Dismissal.

Students who return to the College after Academic Suspension and do not make Academic Progress during their first and second semesters face Academic Dismissal.

Students who are Academically Dismissed may not return to the College to resume their studies in the same program. Students who have been Academically Dismissed may reapply for another program under the College's Admission Policy.

NOTE: The academic status and progress of students receiving VA benefits are monitored and reported periodically to the U.S. Department of Veterans Affairs.

ADD, DROP, OR WITHDRAWAL FROM A COURSE

Students making course schedule changes after the semester or term begins must file a properly approved [Add/Drop/Withdrawal Form](#) with the [Registrar's Office](#) in a timely manner and pay a fee for each change. Deadlines for adding, dropping, and withdrawing from a course are published on the Academic Calendar within this *Academic Catalog*.

Students may add a course during a semester by the designated Last Day to Add. Failure to file the required documentation with the Registrar's Office may result in receiving no credit for attending the course. Students are not allowed to add a course during a term after Registration ends.

Students may drop a course during a semester or term by the designated Last Day to Drop. The course will be removed from the student's registration record with no assigned grade. Students may not drop a course during terms shorter than 8 weeks.

Students may withdraw from a course by the designated Last Day to Withdraw. The course will remain on the student's registration record and a grade of "W" will be assigned. Students may not withdraw from a course after the designated Last Day to Withdraw. Proportionate deadlines for withdrawing from a course apply to terms shorter than 8 weeks.

Proportionate deadlines for adding, dropping, and withdrawing from a course apply to special terms, such as the compressed winter and summer terms. Refund information can be found in the ["Financial Information"](#) section of the *Academic Catalog*.

ADVANCED PLACEMENT (AP) CREDIT

Students submitting a score of three or higher on an Advanced Placement (AP) test administered by the College Entrance Examination Board (CEEB) will be awarded credits equal to those of the course equivalent at Criswell College. Such credit will be evaluated

upon receipt of an official copy of scores from the College Board. AP tests must be completed prior to matriculation at the College and cannot be applied as elective credit.

ATTENDANCE: ON-CAMPUS AND ONLINE

Criswell College is not an attendance-taking institution. Students are responsible for enrolling in courses for which they (1) anticipate being able to attend every on-campus class session on the day and time appearing on course schedules, or (2) participating in academically related activities as identified in online course schedules including synchronous class sessions conducted remotely by video, and then making every effort to do so. When unavoidable situations result in absence or tardiness, students are responsible for acquiring any missed information. Professors are not obliged to allow students to make up missed work. Per their independent discretion, individual professors may determine how attendance affects students' ability to meet course learning objectives and whether attendance affects course grades. Professors apprise students of such information in course syllabi.

To be counted as present, a student participates in class or otherwise engages in an academically related activity. Acceptable evidence of attendance at an academically related activity includes, for example, a student's:

- physical presence in a classroom during a class session with the instructor present,
- participation in a synchronous remote video class session with the instructor present,
- submission of an academic assignment, quiz, or exam,
- participation in an interactive tutorial or computer-assisted instruction,
- participation in a study group or discussion board that is assigned by the instructor,
- documentation showing that the student and a faculty member corresponded about the academic subject studied in the course.

Please note that logging into the Canvas course alone or logging into a synchronous online class session without active participation or with the camera off are not considered attendance.

Attendance: Maintaining Eligibility for Financial Aid

Students receiving grants, loans, or scholarships must meet specified requirements of various departments at the College and should consult relevant sections of this *Academic Catalog*. To ensure such funds will not be forfeited, students are responsible for contacting the proper departments at the College to ascertain any specific course participation requirements and consequences of not meeting such requirements. Students receiving grants, loans, or scholarships should consult the [Financial Aid Office](#).

AUDITING A COURSE

Any on-campus course may be audited with approval by the Registrar and if space is available in the classroom. Audit status is available for students who have previously completed a credit course, to serve as a review and refresher of course material, or for those desiring to further their education. An audit fee will apply (see [“Financial Information”](#) section of this *Academic Catalog*). Students who audit a course receive a grade of AU. A student’s permanent transcript will reflect which courses have been audited. An audited course may be taken for academic credit at a later time. For more information regarding audit status, please see the [“Admissions and Enrollment Information”](#) section of this *Academic Catalog*.

BI-LEVEL COURSE DISTINCTIVES

Scheduled sections in which undergraduate students and graduate students meet concurrently are considered bi-level. Although these bi-level course sections cover core material and requirements benefitting all students (undergraduate and graduate), the difference in course objectives and requirements necessitates two distinct syllabi, one for students enrolled in the course for undergraduate credit and one for students enrolled for graduate credit.

CHANGE IN DEGREE PROGRAM

Students changing their program major/track must notify the Registrar’s Office and obtain signatures of approval from the assigned academic advisor and the Registrar on the appropriate completed and approved academic request form. Students changing their selected program major within six (6) years of matriculation must meet and are governed by all admissions and program completion requirements outlined in the College’s *Academic Catalog* in effect at the time of matriculation. Students changing their selected program after six (6) years of matriculation must meet all admissions and program requirements outlined in the *Academic Catalog* in effect at the time of the program major change.

STUDENT CLASSROOM RECORDINGS

Students are permitted to record classroom lectures and other class presentations in a course only with prior permission from the course instructor. Students must request permission to record at the beginning of the semester in which the course is offered. Students are forbidden from using recordings of lectures or class presentations for publication or other means of reproduction. Recordings are for individual student use only.

COLLEGE LEVEL EXAMINATION PROGRAM (CLEP)

Students may submit for evaluation official results of the CLEP subject tests for course credit at Criswell College. Students must obtain approval prior to registering for and

taking CLEP by completing the appropriate form available from the Registrar's Office and the College's website.

CLEP credit will be evaluated upon receipt of an official copy of test scores. CLEP credit may not be applied to any course in which a student is enrolled or has been enrolled. CLEP credit is not accepted for electives. Students may apply CLEP credit to no more than four courses. CLEP credit is not accepted for electives.

CONTINUING EDUCATION UNITS (CEU) CREDIT

The College occasionally awards Continuing Education Unit credit(s) for professional development training courses, conferences, or seminars. Actual participation and completion of all requirements is documented. All arrangements for credit must be completed and approved in advance before the College agrees to offer appropriately awarded Continuing Education Units. An individual may not be awarded both CEU and academic credit.

COURSE CANCELLATION

Scheduled courses may be cancelled for low enrollment. Notification that a course is cancelled will be provided before the first class session. Academic Affairs faculty and staff will work with students enrolled in courses that are cancelled to find alternatives ways for the student to continue making progress toward degree completion in that semester.

COURSE LOAD

A full-time undergraduate student is one who is taking a minimum of 12 semester hours, with 15 hours being the recommended load. If an undergraduate student's CGPA is at least 3.0, a maximum of 18 hours may be carried. To take more than 18 hours, an undergraduate student must obtain approval from his or her Program Director and the Vice President of Academic Affairs by completing the appropriate form available from the [Registrar's Office](#).

A full-time graduate student is one who is taking a minimum of 9 semester hours, with 12 hours being the recommended load. With a CGPA of at least 3.0, a maximum of 15 hours may be carried. To take more than 15 hours, a graduate student must obtain approval from her or his Program Director and the Vice President of Academic Affairs by completing the appropriate form available from the [Registrar's Office](#). Graduate students who are conducting a practicum, internship, or thesis as required by their program are considered full-time regardless of the number of hours they are taking if they have finished all other curricular requirements of the program.

As students determine their course loads, it should be remembered that each hour in class requires an average of two hours of study outside class. Following this guidance will help students make consistent progress toward degree completion and provide a healthy balance in their relationship with God, family, school, work, and ministry.

DEFINITION OF CREDIT HOUR

In accordance with the requirements of the [U.S. Department of Education](#) and the [Southern Association of Colleges and Schools Commission on Colleges](#), a credit hour is defined as an amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency that reasonably approximates:

1. Not less than one hour of classroom or direct faculty instruction and a minimum of two hours of out-of-class student work each week for approximately fifteen weeks for one semester or trimester hour of credit, or ten to twelve weeks for one quarter hour of credit, or the equivalent amount of work over a different amount of time, or
2. An equivalent amount of work as outlined in item 1 above for other academic activities as established by the institution including laboratory work, internships, practica, studio work, and other academic work leading to the award of credit hours.

For academic purposes, Criswell College uses “Carnegie” units to measure semester credit hours. A Carnegie unit of credit is awarded to students for the satisfactory completion of at least one 50-minute session of classroom or direct faculty instruction and at least 100 minutes of out-of-class work per week for not less than 15 weeks. Thus, one semester credit hour represents a minimum of 2,250 minutes, or 37.5 clock hours, of total student work per semester.

DIRECTED STUDIES

Courses may be offered as directed studies for undergraduate seniors or graduate students in the last year of study who have irreconcilable schedule conflicts among courses needed to complete a degree program for graduation. Students must be in good academic standing with at least a 3.0 CGPA. Students are not allowed to take more than one directed study course per semester. Certain courses may be inappropriate for directed study. Directed study courses are typically limited to supervision by full-time faculty only. Clarification on these issues may be obtained from the Academic Affairs Office. Students are not permitted to do a directed study of a course that has been failed previously. In addition, students on Warning or Probation will not be permitted to do a directed study.

Prior to or during registration, all directed study courses must be approved by the professor and academic advisor before being approved by academic administration. Directed studies must be processed at registration and be completed by the end of that semester. Directed study courses are typically not available for the winter or summer terms. In cases involving class cancellations, exceptions may be granted to complete a course by directed study with the approval of the student's academic advisor, the professor, Vice President of Academic Affairs, and the Registrar.

Tuition for directed studies is the same as for regular classroom course work and is due at the time of registration. The student must also pay the additional Directed Study Fee

per course as listed in the “[Tuition and Fees](#)” table found in the “Financial Information” section.

INDEPENDENT STUDIES

Independent studies provide the opportunity for students, under the supervision of a faculty member, to study a specific topic not covered in scheduled courses. Undergraduate students must be in good academic standing with at least a 3.0 CGPA and must be either a junior or senior. Graduate students must be in good academic standing with a CGPA of 2.75 in the Master of Arts in Theological and Biblical Studies program or a 2.5 CGPA in all other graduate programs. Additionally, graduate students must have completed one semester of coursework. A student on Academic Warning or Probation will not be permitted to do an Independent Study.

Students desiring to do an Independent Study must first propose a course topic that is not otherwise covered in a regularly scheduled course. They must then gain the approval of both the supervising professor and her/his program director the semester prior to registering for the course. Additionally, students must complete any prerequisites required by the supervising professor.

Independent Studies must be processed at registration and be completed by the end of that semester. Independent Studies are typically not available for the winter or summer terms. Tuition for Independent Studies is the same as for regular classroom course work and is due at the time of registration. The student must also pay the additional Independent Study Fee per course as listed in the “Tuition and Fees” table found in the “Financial Information” section.

DISTANCE EDUCATION

Criswell College offers distance education through two hybrid formats: asynchronous and live streaming (CrisFlex) courses. These courses deliver instructional content, discussions, assessments, and exams via the Canvas Learning Management System. Most course materials are provided through video and electronic documents.

Students must have the necessary technology—such as a computer, software, and internet access—to complete coursework on time. Specific computer requirements can be found in the Canvas Student-Training course under Computers, Browsers, Apps, and other Computer FAQs.

Asynchronous courses deliver the majority of course content asynchronously via video-based instructional materials. Additionally, students must participate in scheduled synchronous video-conferencing sessions, fulfilling 25–30% of the faculty instruction required by the College’s Credit Hour policy. Faculty members ensure these courses meet the same academic standards as on-campus classes while maintaining compliance with the College’s mission and accreditation standards.

The CrisFlex hybrid format includes two options: (1) a synchronous option wherein students may attend the course on campus at scheduled times or view the sessions live via

video-teleconferencing technology; (2) an asynchronous option wherein students view recorded class sessions. The flexibility of CrisFlex courses allows a student to participate live online, asynchronously online, on campus, or in any combination of the three.

Online instruction adheres to all College policies on conduct, student management, and professionalism. Each online course also provides links to essential student services including library resources, complaint procedures, technology requirements, and other support services via the Criswell Student Training Course with Helpful Links. Accommodations are available for students who prefer to remain outside a camera's view.

GRADE CHANGES

After grades have been turned in to the Registrar's Office, grade changes are permitted for errors made in computing grades. If, beyond the possibility (and resolution) of such a computing error, the student wishes to further appeal a grade, the procedure under the "[Academic Appeals](#)" section must be followed.

GRADE REPORTS

Final course grades are available to registered students within four weeks of the close of each semester or term through the student portal of the College's student information system once they have been received and processed by the Registrar's Office.

Students desiring to know their course grades prior to this distribution should contact the course instructor(s), not the Registrar's Office.

GRADING SYSTEM

The significance of letter grades is as follows:

A	93-100	4.0 grade points per semester hour
A-	90-92	3.7 grade points per semester hour
B+	87-89	3.3 grade points per semester hour
B	83-86	3.0 grade points per semester hour
B-	80-82	2.7 grade points per semester hour
C+	77-79	2.3 grade points per semester hour
C	73-76	2.0 grade points per semester hour
C-	70-72	1.7 grade points per semester hour
D+	67-69	1.3 grade points per semester hour
D	63-66	1.0 grade point per semester hour
D-	60-62	0.7 grade points per semester hour
F	0-59	0.0 grade points per semester hour

The following grade symbols are also recognized for transcript evaluation:

AU	Audited Course	NC	No Credit
CR	Credit	S	Satisfactory Progress
EX	Exempt	TR	Transfer Credit

I	Incomplete	W	Withdrawn
IP	In Progress		

NOTE: If the coursework is not completed by the stated date published in the *Academic Catalog* and on the Academic Calendar for the close of the term/semester in which the “I” was awarded, the “I” will be changed to an “F”.

GRADUATE COURSES FOR UNDERGRADUATE STUDENTS

In order for an undergraduate student to enroll in a graduate-level course for transcribed credit, the student must have approval from his or her Program Director and the Vice President of Academic Affairs, complete the appropriate form available from the Registrar’s Office, and meet the following standards:

- Classified as a senior with all current Chapel requirements completed;
- A minimum current cumulative GPA of 3.0;
- Meet all academic criteria for the course; and
- Not exceed a maximum of 6 credit hours of graduate courses for undergraduate or graduate credit with B.A. or B.S. degree requirements uncompleted.

Any graduate course taken for undergraduate credit cannot be taken for graduate credit at a later time nor be applied to a graduate degree. Qualified seniors who have filed a Graduation Application with the Registrar’s Office may take more than 6 credit hours of graduate courses with approval.

GRADUATION REQUIREMENTS

To be eligible for graduation, students must maintain high standards of moral and ethical conduct, settle all financial obligations with the College (at least two weeks prior to Commencement), and successfully complete their prescribed course of study. Clearance for approving a graduation application must be secured from the Business Office, Financial Aid Office, Library Services, Registrar’s Office, and Student Services Office. It is the responsibility of each student expecting to graduate to be certain that they are clear and in good standing with the College through all of these administrative and educational support areas.

Application

Students must indicate their intent to graduate by filing a completed Graduation Application form with the Registrar’s Office and paying the accompanying fee by the deadline per the Academic Calendar. If the Graduation Application is submitted after the deadline, a late fee will be charged in addition to the application fee, both payable immediately. Late applications filed after January 31 will be moved to the next graduation class.

Commencement Attendance

On-campus students are required to attend graduation rehearsal and commencement exercises to receive their diplomas. Permission to graduate in absentia must be granted by the Academic Affairs Office and filed in the student's academic record in the Registrar's Office. Online students are not required to attend but are encouraged to do so.

Grade Point Average (GPA) and Course Grades

Undergraduate GPA Requirements

Students in the A.A. or B.A. programs must achieve at least a 2.0 cumulative grade point average (CGPA); students in the B.S. Education program must achieve at least a 2.75 CGPA. Within a bachelor's major itself (i.e., the courses listed under headings such as "Biblical Studies Major," "Psychology Major," "Professional Curriculum" for the B.S. in Education program, etc.), students must achieve at least a 2.0 grade point average.

Undergraduate Course Grade Requirements

Students in the A.A. program must achieve a grade of "D-" (0.7) or better for all required courses. Students in bachelor's programs must achieve a grade of "D-" (0.7) or better for all required General Education courses (i.e., various "Core Studies" courses listed in any undergraduate program). Within a bachelor's major itself (i.e., the courses listed under headings such as "Biblical Studies Major," "Psychology Major," "Professional Curriculum" for the B.S. in Education program, etc.), students must achieve a grade of "C" (2.0) or better in at least 80% of those major courses.

Graduate GPA Requirements

M.A. Christian Leadership, M.A. Christian Studies, and Master of Divinity students must achieve at least a 2.5 cumulative grade point average (CGPA); M.A. Theological and Biblical Studies students must achieve at least a 2.75 CGPA.

Graduate Course Grade Requirements

Students in any graduate program must achieve a grade of "C" (2.0) or better for any course required in their program.

Residency Requirement

Undergraduate Residency Requirements

Undergraduate students must complete at least 50% of their overall degree program through Criswell College (including 100% of the final 30 hours). Bachelor's students must also complete at least 70% of their major courses (i.e., the courses listed under headings such as "Biblical Studies Major," "Psychology Major," "Professional Curriculum" for the B.S. in Education program, etc.) through Criswell College.

Graduate Residency Requirements

Graduate students must complete at least 70% of their degree program through Criswell College (including 100% of the final 9 hours).

Scholastic Recognition

Scholastic excellence will be recognized at commencement as follows:

<i>summa cum laude</i>	Candidates with a CGPA of at least 3.8
<i>magna cum laude</i>	Candidates with a CGPA of at least 3.7
<i>cum laude</i>	Candidates with a CGPA of at least 3.5

When a student retakes a course for credit, only the highest grade is calculated in the CGPA. However, for the purpose of determining academic honors, all of a student’s attempted course work at Criswell College will be calculated in determining the overall CGPA.

HONORARY DEGREES

Through a vote of the Faculty and the Board of Trustees, the College may identify and cite the distinguished contributions of individuals by awarding the honorary Doctor of Laws, Doctor of Divinity, and Doctor of Humane Letters. When the College decides to grant such an award, the award is granted at a Criswell College commencement ceremony.

The Doctor of Laws (LL.D.), first conferred in 1773, is the most popular honorary doctorate now awarded. It is regarded as the most appropriate award for persons distinguished in general service to the state, to learning, and to humanity.

The Doctor of Divinity (D.D.) is the oldest and most traditional honorary degree awarded to persons who have made major contributions, both by service and example, to the Gospel ministry over an extended period of years.

The Doctor of Humane Letters (L.H.D.) is the oldest and most traditional honorary degree awarded to persons who have made major contributions, both by service and example, to the field of Humanities over an extended period of years.

INCOMPLETE GRADES

Students requesting a grade of Incomplete (I) must understand that incomplete grades may be given only upon approval of the instructor involved. An “I” may be assigned only when a student is currently passing a course and in situations such as those involving extended illness, serious injury, death in the family, or employment or government reassignment, not student neglect.

Students are responsible for contacting their professors prior to the end of the semester and filing the appropriate completed and approved academic request form with the Registrar’s Office prior to the end of the semester. The “I” must be removed (by completing the remaining course requirements) no later than the date posted in the official Academic Calendar posted in the current *Academic Catalog* or the “I” will become an “F.”

INSTITUTIONAL EFFECTIVENESS/RESEARCH

The academic program assessment process involves the extraction of key student performance indicators from select core courses for the purpose of assessing student progress throughout all degree programs. The information compiled from this process allows the faculty and administration to find ways to improve academic programs so that students are better equipped for success. Since programmatic and institutional assessment is done without reference to specific students, the results of these assessments have no effect on a student's course grade or academic standing at the College. Before submitting a student's work for this type of assessment, the course instructor redacts the work to remove anything that identifies the student.

NON-RESIDENT CREDIT REQUIREMENTS

Currently enrolled students may complete courses at other accredited or approved institutions for credit at Criswell College according to the "[Residency Requirement](#)" section of the College's *Academic Catalog*. To ensure that such courses can be used for credit at Criswell College, students must complete the appropriate forms to seek approval prior to enrolling in non-resident courses.

PROGRAM COMPLETION

Catalog Requirements for Program Completion

Program completion requirements are governed by the *Academic Catalog* under which the student begins classes. When a student does not attend Criswell College for three consecutive fall/spring semesters, he or she will be placed under the new *Academic Catalog* and degree plan in effect upon readmission to the College. Prior to graduation, the Registrar completes a degree audit to ensure that all program completion requirements have been met.

Cooperative Resolution for Program Completion

Criswell College recognizes that it is important for students to earn their degrees in a timely fashion. Criswell College commits itself to providing students all possible assistance to ensure graduation within the proposed time frame of their degree program beginning at the point when they enter the system. The student's responsibilities for completion of a degree within the projected time of the program of study is contingent upon the following criteria:

- Having appropriate high school or other education requirements for the degree program before entering the course of study;
- Selecting a major during the Major Declaration Ceremony;
- Adhering to the proposed course plan for that major;
- Working closely with one's academic advisor to develop a curricular plan;

- Enrolling in courses according to the order that is outlined in the *Catalog* for the degree plan, prioritizing prerequisite courses early in the program;
- Registering early during each semester's registration period;
- Registering for and completing a full load of courses as appropriate for the degree program (12-15 credit hours per semester for undergraduates and 9-12 credit hours per semester for graduates); and
- Notifying one's academic advisor immediately in the case of a possible delay in degree completion caused by the unavailability of a course that is needed in the last year of study.

For its part, the College will make every effort to ensure the availability of courses required by each student's selected program according to the sequencing identified in the associated program maps. If the required courses are unavailable when needed, mutually acceptable alternatives may be provided.

The mutual commitment outlined in this resolution by both the College and the student will result in graduation in the proposed time frame for the degree program.

PROGRAM DECLARATION

Students must declare an academic program no later than 60 hours into their undergraduate degree.

REGISTRATION

Students must complete course registration during the designated registration periods and prior to attending classes. All course registration should be done in accordance with academic advisement to ensure students take courses appropriate to their degree plan and education goals. Information on registration dates, times, and instructions are available on the College's website which is updated regularly. Students registering during Late Registration will incur a Late Registration Fee.

REPEATING COURSES

Only courses for which the student received a grade of "C" (2.0) or lower may be repeated at Criswell College. When a course is retaken for credit, the original grade remains on the transcript but only the final grade is calculated in the student's CGPA. However, to determine academic honors, all attempted course work will be calculated in the final CGPA. Audited courses may be taken for credit at a later time.

RESEARCH AND WRITING STANDARDS

The default writing style for written assignments in Criswell College courses is the latest edition of *A Manual for Writers of Research Papers, Theses, and Dissertations* by Kate Turabian. However, instructors are free to require alternative writing styles in their

courses. These styles include but are not limited to the American Psychological Association (APA), *The Chicago Manual of Style* (CMOS), Modern Language Association (MLA), and Society of Biblical Literature (SBL) writing guides.

In any of the above cases, instructors shall stipulate within course syllabi the writing style(s) required in their courses. If particular written assignments require no formal writing style, instructors shall provide appropriate instructions as to what stylistic and other elements are required for assignments.

If the student desires to have her/his thesis submitted to the Theological Research Exchange Network (TREN), a digital copy of the corrected thesis must be provided to the Director of Library Services, who will assist the student in completing the process.

TEXTBOOKS

Textbook requirements for each course are listed within the Course Schedules in SONIS on the College's website and in the student's SONIS portal after course registration.

TRANSCRIPTS

Official transcripts are issued by the [Registrar's Office](#) but processed by a third-party vendor. Transcripts must be requested via the criswell.edu website. Please keep in mind that final grades are posted no sooner than one week after the end of a semester or term. Transcripts will be processed by our third-party vendor and our policy prohibits the faxing or scanning and emailing of official transcripts. Students may print an unofficial

transcript from the [SONIS Student Portal](#). Students in need of assistance with accessing the SONIS student portal should contact the [Campus Software Manager](#).

Transcripts are processed in the order in which they are received. Normal processing time is 1–5 business days and does not include delivery time. During College holidays and peak periods (beginning or end of semesters and terms, registration, or graduation), processing a transcript may take longer than normal. Additional processing time may occur if a student was last enrolled at Criswell prior to the fall 1996 semester. Official Transcripts can be mailed or emailed by the third-party vendor, but in-person pickup on campus is not available.

Contact the Registrar's Office at 214-818-1320 if additional information is needed regarding transcripts.

TRANSFERABILITY OF CREDIT

Credits earned at Criswell College are transferable to other institutions in accordance with the policies of the receiving institutions. Students are responsible for ensuring courses will meet degree requirements at other institutions. Students who enroll in courses for transfer to another college or university should consult representatives of the receiving school to ensure coursework will be accepted in their program of study.

VISITORS

Visitors are invited to attend class as non-participants on a limited basis (not exceeding 25% of class sessions) if space is available and the professor approves. If a visitor wishes to attend more than 25% of class sessions, he or she should file a Non-Degree Application with the Admissions Office and pay the audit fee (see the "[Financial Information](#)" section of this *Academic Catalog*).

Bachelor of Arts

BIBLICAL STUDIES

The [Bachelor of Arts in Biblical Studies \(BABS\)](#) is designed to prepare students to study the Bible efficiently and to communicate it effectively in a contemporary setting. Although there are more Bible study resources and aids available today than ever before, biblical illiteracy still seems to be on the rise even among those who have been raised in a Christian environment. Since we affirm that the Bible is “God’s revelation of Himself to man” and “a perfect treasure of divine instruction,” we believe it is important for those who will communicate its message to do so with accuracy and truth for the benefit of the body of Christ.

STUDENT LEARNING OUTCOMES

B.A. graduates with a major in Biblical Studies will be able to:

1. Apply knowledge of the historical background of biblical texts to the interpretation of Old Testament and New Testament passages;
2. Translate the Hebrew Old Testament and the Greek New Testament at a basic level, and identify basic morphological and syntactical forms; and
3. Explain the theological relationships between biblical texts and discuss their significance for biblical theology.
